Chapter 15. The Ferment of Reform and Culture. 1790-1860 . Reviving Religion. Thomas Paine promoted the doctrines of Deism. Deists relied on science rather than the Bible and they denied the divinity of Christ. They did believe in a Supreme Being who had created a universe and endowed human beings with a capacity for moral behavior.

USA's historie fra 1450-1877 samt kolonisationen af Amerika. Medtager kildeskriver af historisk interesse fra perioden

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

USAs historie indtil 1996

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over

## Read Book Apush Chapter 15 Test

300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

President Franklin Roosevelt told Americans in a 1936 fireside chat, “I do not look upon these United States as a finished product. We are still in the making.” These United States builds on this foundation to present a readable, accessible history of the United States throughout the twentieth century—an ongoing and inspiring story of great leaders and everyday citizens marching, fighting, voting, and legislating to make the nation's promise of democracy a reality for all Americans. In the college edition of These United States, Gilmore and Sugrue seamlessly weave insightful analysis with all of the support tools needed by students and instructors alike, including paired primary source documents, review questions, key terms, maps, and figures in a dynamic four-color design.
