APUSH- Gilded Age Study Guide Flashcards | Quizlet  
The Gilded Age marked a key moment in the rise of American racism—a transition from the relatively fluid race relations of the Reconstruction era to the rigid segregation of Jim Crow. By 1900, separation of the races had been sanctified by the US Supreme Court (in Plessy v. Ferguson) and written into state constitutions across the old Confederacy

USA's historie fra 1450-1877 samt kolonisationen af Amerika. Medtager kildekrifter af historisk interesse fra perioden

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

An excerpt from the book: Hernando De Soto was not the biggest name explorer or conquistador by any means, but he is probably the most important one to know for the AP US test. Why? Because he the first European explorer to really explore the United States, near Florida. Before he explored what is current day United States he was a member of the Spanish government in what is now Nicaragua. He even invaded Peru at one point. All in all he had an interesting prior life, but for this test you really just need to know his route and, more so, his significance more generally in history. "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass*

The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the

Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.
