This is not just an instructional book—it's an insight into a sailor's approach to the sea, boats, and the ever-changing dynamic of wind on the water "A learn-to-sail book with heart."—"WoodenBoat "A real winner...a masterful blend of straightforward text with delightful and instructive illustrations. Quite simply a great primer on sailing and the world of boats for readers of all ages."—"Cruising World "Teaches sailing with flair and poetry."—"SAIL "A great walk-through for the novice, both entertaining and thorough."—"Sailing "Sits in a class by itself. Elegantly simple, encyclopedic in scope, and a delightful reference for any novice—with lots to offer intermediate sailors, too."—"Kalamazoo Gazette If you never sailed, sailed once, or have sailed for a lifetime, this book is perfect for beginners but deep enough content for those interested in going beyond basics. Revised and expanded to include racing and GPS navigation, The Complete Sailor is not just a how-to sail book, but a book that teaches you how to become a sailor. Inside you " ll find: An all-in-one, comprehensive introduction to sailing Up-to-date information on techniques and approaches offered by the changing nature of the sport Exquisite pen-and-ink illustrations Topics include: Wind Sense; Working Winds; Getting Underway; The Boat; Rigging; Sails; Under Power; Rules of the Road; Anchoring; Ropework; Marlinspike Seamanship; Emergencies; Sea and Sky; Navigation; Racing; Trailering

Spark a passion for sailing and the outdoors in your child From the Moonbeam Children ' s Book Awards bronze medal winner! Ever since humankind began seafaring, boats and shoreline adventures have produced sturdy, independent, creative, self-reliant kids. From the author of the bestselling Complete Sailor and proud father of a boy mariner, here is the book for all parents who want to introduce their kids to the world of boats, boating, sailing, the shore, and the sea. It provides dozens of adventures and activities for kids, and a plethora of projects for you and your kids to do together. Topics range from how-to to fanciful, in random organization so that each excursion into the book turns up unrelated gems on facing pages. The Anti-Pirate Potato Cannon encourages your kid to get outdoors and on the water, to build things, to try things, to cultivate their curiosity, to learn self-reliance, and to get a giant dose of the magic of seaside adventure. Loaded with things for kids to do—build a rope ladder; build a Huck Finn raft from PVC pipe; catch and fillet a fish; go crabbing; skip a stone; body surf; waterski on bare feet; chart a cove; learn the great sea battles; build a sandcastle; navigate; win a sailboat race; paddle a sea kayak; and a whole lot more. Designed to cultivate a kid's curiosity about the natural world. Topics include: Where's the wind coming from; How high is that wave; An anti-pirate potato cannon; Brew your own biofuel; Make a dugout canoe; Build a Huck Finn raft from PVC pipe; Skip a stone; Build a sandcastle; Carve a paddle; Row a boat; Escape a rip current; Go kite sailing; Navigate by the stars; Carve a half-hull model; What's on the bottom; A journey to the abyss; Don't wrestle an alligator; A dinghy sampan; How to dive with mask and snorkel; Build a motorboat from cardboard tubes; Body surf; Recognize ships; Discipline in the Age of Sail; cat-o-nine tails, hanging from the yardarms; Steer without a rudder; Chapter 25. Tie up to a dock; Reading a lines drawing; Whatever floats your boat; Play nautical capture the flag; Paddle a sea kayak; Build a rowboat; Signal across the water; Capture plankton in a net; Tie knots and splices; Make a rope ladder; Make a chart of your favorite cove; Throw your own beach clam bake; Make a catboat-race weather vane; Fight off a shark; Heave a monkey's fist; Ski on your own bare feet; Fillet a fish. . . and cook it on your engine; Your own ditty bag; A proper sailor's knife; How to stand up on a PVC; How to get up on a wakeboard; Go clamming; Build a human pyramid on water skis; How to poop in a boat; How marine heads work; Diver's tube raft; Submarine a PVC; Survive a sinking; Finding east or west All you need is the north star; The boson's pipe; Ships in a bottle; Five sea battles that changed history; Use the five secrets of winning a sailboat race; Make a viewing bucket to see underwater; Cast a fly; Survive a hurricane; The Eskimo roll; Stow that chart; Goggles from a soda bottle; Find fish fast; Repair a sail; Whalewatching; Go on a plastics hunt; Don't be left in the dark; Pets at sea: how to train your cat or dog for boating; The green and clean boat; Ride the disk; Go crabbing; Careers at sea; Pass your boating license exam; Origins of sea terms; The best way to coil rope; Carve a slalom turn; Keeping watch; Throwing a cast net; Keep what you catch - start an aquarium; Heroes of the Sea; Shackleton, Stoom, Day, Knox-Johnston, Heyerdahl, etc.; Books & Stories (Three Men in a Boat, Crunch and Des, Riddle of the Sands, Swallows and Amazons); Stage paintball sea battles; Read the messages in clouds; Get unlout in the fog; sager forecaster; Know how to handle waves; Semaphore signals; Glacier surfing; Great voyages by young mariners; Make a weather station

A look at world geography and contemporary culture from the perspective of young people.

A guide to atheism and nonbelief shares counsel on the challenges of questioning the views of one's upbringing, establishing beliefs about religion and spirituality, and addressing the practical aspects of managing religious occasions.

Antifascism has received little attention compared to its enemy. No historian or social scientist has previously attempted to define its nature and history - yet antifascism became perhaps the most powerful ideology of the twentieth century. Michael Seidman fills this gap by providing the first comprehensive study of antifascisms in Spain, France, the UK, and USA, with new interpretations of the Spanish Civil War, French Popular Front, and Second World War. He shows how two types of antifascism - revolutionary and counterrevolutionary - developed from 1936 to 1945. Revolutionary antifascism dominated the Spanish Republic during its civil war and re-emerged in Eastern Europe at the end of World War II. By contrast, counterrevolutionary antifascists were hegemonic in France, Britain, and the USA. In Western Europe, they restored conservative republics or constitutional monarchies based on Enlightenment principles. This innovative examination of antifascism will interest a wide range of scholars and students of twentieth-century history.

The Complete Sailor takes the reader from the first sail to a mastery of small-boat handling. Weaving his writing around 600 drawings by noted marine illustrator Kally Mulford, David Seidman has created a book in which each double-page spread invites the eye and communicates volumes of information. The Complete Sailor goes beyond other learn-to-sail books to cover navigation, boat design, and seamanship. Encyclopedic in scope yet warm in style, it conveys the magic as well as the techniques of sailing. Among the other topics covered: anchoring, ropework, rigging, weather, fog, squalls, currents and tides, rules of the road, trailering, and working the winds. The book is a gentle introduction for those just starting out, and a guide to new horizons for those who already sail.

Bestselling author David Agus unveils the brave new world of medicine, one in which we can take control of our health like never before and doctors can fine-tune strategies and weapons to prevent illness. In his first bestseller, The End of Illness, David Agus revealed how to add vibrant years to your life by knowing the real facts of health. In this book, he builds on that theme by showing why this is the luckiest time yet to be alive, giving you the keys to the new kingdom of wellness. Medicine is undergoing rapid change. In the old world, you followed general principles and doctors treated you based on broad, one-size-fits all solutions. In this new golden age, you " ll be able to take full advantage of the latest scientific findings and leverage the power of technology to customize your care. Only those who know how to access and adapt to these breakthroughs—without being distracted by hyped ideas and bad medicine—will benefit. Imagine being able to get fit and lose weight without dieting, train your immune system to fight cancer, edit your DNA to avoid a certain fate, erase the risk of a heart attack, reverse aging, and know exactly which drugs to take to optimize health with zero side effects. That ' s the picture of the future that you can enter starting today. Welcome to The Lucky Years.

Traces the author's upbringing in a Hasicid community in Brooklyn, describing the strict rules that governed her life, arranged marriage at the age of seventeen, and the birth of her son, which led to her plan to leave and forge her own path in life.

This groundbreaking history of the Spanish Civil War (1936 – 39) examines, for the first time in any language, how General Francisco Franco and his Nationalist forces managed state finance and economic production, and mobilized support from elites and middle-class Spaniards, to achieve their eventual victory over Spanish Republicans and the revolutionary left. The Spanish Nationalists are exceptional among counter-revolutionary movements of the twentieth century, Michael Seidman demonstrates, because they avoided the inflation and shortages of food and military supplies that stymied not only their Republican adversaries but also their counter-revolutionary counterparts—the Russian Whites and Chinese Nationalists. He documents how Franco ' s highly repressive and tightly controlled regime produced food for troops and civilians; regular pay for soldiers, farmers, and factory workers; and protection of property rights for both large and small landowners. These factors, combined with the Nationalists ' pro-Catholic and anti-Jewish propagandas, reinforced solidarity in the Nationalist zone. Seidman concludes that, unlike the victorious Spanish Nationalists, the Russian and Chinese bourgeoisie were weakened by the economic and social upheaval of the two world wars and succumbed in each case to the surging revolutionary left.
