The most successful general chemistry textbook published in 30 years is now specifically written for Canadian students. This innovative, pedagogically driven text explains difficult concepts in a student-oriented manner. The book offers a rigorous and accessible treatment of general chemistry in the context of relevance. Chemistry is presented visually through multi-level images--macroscopic, molecular and symbolic representations--helping students see the connections among the formulas (symbolic), the world around them (macroscopic), and the atoms and molecules that make up the world (molecular). Note: You are purchasing a standalone product; MasteringChemistry does not come packaged with this content. Students, if interested in purchasing this title with MasteringChemistry, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and MasteringChemistry, search for: 0134145062 / 9780134145068 Chemistry: A Molecular Approach, Second Canadian Edition Plus MasteringChemistry with Pearson eText -- Access Card Package Package consists of: 013398656X / 9780133986563 Chemistry: A Molecular Approach, Second Canadian Edition 0134194535 / 9780134194530 MasteringChemistry with Pearson eText -- Valuepack Access Card -- for Chemistry: A Molecular Approach, Second Canadian Edition

Preparing for any Examination calls for a lot of discipline and perseverance on the part of a student. We at Arundeepp ' s Self-Help Books have always strived to be a student ' s closest companion, his guiding light and his trusted friend by helping them to sail through this important phase with utmost ease and confidence and emerge a winner!! In order to excel, a student not only has to be updated with the latest CISCE Board curriculum but also stay focused and use necessary exam tools to his advantage. CISCE has released an updated curriculum for Academic Year 2018-2021 on which Arundeepp ' s Self-Help Books has based all its Exam Preparatory Material. We have always been proactive to follow the changes proposed by the Board and implement the same as soon as possible to put the students, parents and teachers at ease. The ICSE Sample Question Papers have been developed as per the latest Board guidelines in order to support the students during the crucial exam preparatory phase. They provide the most formidable combination of Questions along with top notch Learning Tools to empower the students to conquer every examination they face. Each Sample Question Paper has been designed with a lot of care and precision. Our panel of experts have tried their best to arrange each Sample Question Paper in such a way that it gives the students an exact feel of the Final Examination. Special care has been taken to keep all the solutions simple and precise.

Arundeepp's ICSE 10 Years Solved Papers for Class X develops deep understanding of the subject and will help you excel in your Board Exams of 2021. ICSE 10 Years Solved Question Paper Highlights: It includes all the 15 subject papers English I, English II, Hindi, History and Civics, Geography, Mathematics, Physics, Chemistry, Biology, Computer Application, Physical Education, Economics, Economics Applications, Commercial Studies, Commercial Applications. Prepare thoroughly with the latest CISCE Curriculum question papers and solved answers from 2010 - 2020. Get familiarized with the Style and Type of questions Proper marking schemes applied for Self Assessment Special topic on Creating Vision Board, maintaining Study Log and Tips on Exam Countdown.

A condensed, easier-to-understand student version of the acclaimed Tietz Textbook of Clinical Chemistry and Molecular Diagnostics, Tietz Fundamentals of Clinical Chemistry and Molecular Diagnostics, 7th Edition uses a laboratory perspective in providing the clinical chemistry fundamentals you need to work in a real-world, clinical lab. Coverage ranges from laboratory principles to analytical techniques and instrumentation, analytes, pathophysiology, and more. New content keeps you current with the latest developments in molecular diagnostics. From highly respected clinical chemistry experts Carl Burtis and David Bruns, this textbook shows how to select and perform diagnostic lab tests, and accurately evaluate results. Authoritative, respected author team consists of two well-known experts in the clinical chemistry world. Coverage of analytical techniques and instrumentation includes optical techniques, electrochemistry, electrophoresis, chromatography, mass spectrometry, enzymology, immunochemical techniques, microchips, automation, and point of care testing. Learning objectives begin each chapter, providing measurable outcomes to achieve after completing the material. Key words are listed and defined at the beginning of each chapter, and bolded in the text. A glossary at the end of the book makes it quick and easy to look up definitions of key terms. More than 500 illustrations plus easy-to-read tables help you understand and remember key concepts. New chapters on molecular diagnostics include the principles of molecular biology, nucleic acid techniques and applications, and genomes and nucleic acid alterations, reflecting the changes in this rapidly evolving field. New content on clinical evaluation of methods, kidney function tests, and diabetes is added to this edition. NEW multiple-choice review questions at the end of each chapter allow you to measure your comprehension of the material. NEW case studies on the Evolve companion website use real-life scenarios to reinforce concepts.

Prepare for success on the NCLEX-RN® exam with the review book written for Canadian nursing students! Elsevier's Canadian Comprehensive Review for the NCLEX-RN® Examination, 2nd Edition provides everything you need to prepare for the NCLEX® exam — complete content review and more than 5,000 NCLEX examination-style questions in the book and online. Proving that not all NCLEX exam review books are the same, only this book includes the kinds of questions that consistently test the critical thinking skills needed to pass today's NCLEX exam. In addition, all answers include detailed rationales and test-taking strategies with tips on how to best approach each question. From Canadian editors Patricia Bradley and Karin Page-Cutrara, and NCLEX review experts Linda Anne Silvestri and Angela Silvestri, this edition integrates Canadian approaches to nursing, making this the only comprehensive review text written from a fully Canadian perspective. It's THE book of choice for NCLEX preparation! More than 5,000 practice questions in the text and online offer ample testing practice. UNIQUE! Detailed test-taking strategy and rationale is included for each question, offering clues for analyzing and uncovering the correct answer option. UNIQUE! Priority Nursing Action boxes provide information about the steps you will take in clinical situations requiring clinical judgement and prioritization. UNIQUE! Pyramid Points icons indicate important information, identifying content that typically appears on the NCLEX-RN® examination. UNIQUE! Pyramid Alerts appear in red text and highlight important nursing concepts. UNIQUE! Priority Concepts — two in each chapter — discuss important content and nursing interventions. New graduate's perspective is offered on how to prepare for the NCLEX-RN, in addition to nonacademic preparation, the CAT format, and test-taking strategies. Mnemonics are included to help you remember important information. 75-question comprehensive exam covers all content areas in the book in the same percentages that they are covered on the actual NCLEX-RN test plan. Practice questions on delegation, prioritization, and triage/disaster management emphasize these areas on the NCLEX exam. Companion Evolve website provides 25 new Next Generation NCLEX® (NGN)-style questions plus all alternate item format questions including multiple response, prioritizing (ordered response), fill-in-the-blank, figure/illustration (hot spot), chart/exhibit, video, and audio questions. Question categories on Evolve are organized by cognitive level, client needs area, integrated process, and content area, allowing completely customizable exams or study sessions. UNIQUE! Audio review summaries on Evolve cover pharmacology, acid-base balance, and fluids and electrolytes.

RRB Group D 2018 Level 1 Exam 20 Solved Papers is a comprehensive book prepared using authentic papers of the RRB Group D Level 1 Exam. The book contains 20 sets of 2018 (held in 20 different sittings in March-April 2018). Detailed Solutions to all the papers are provided at the end of each paper.
