Leadership & Management: Theory & Practice by Kris Cole focuses on comprehensive coverage of the core management units within the Diploma of Leadership and Management BSB51915 and Certificate IV in Leadership and Management BSB42015. This market-leading textbook provides students with rigorous information while balancing the key topics with a practical approach, through real-life case studies, examples and problem-solving techniques. It uses everyday business terms and language, putting management in a context that makes it easy to understand for all types of learners. Leadership & Management: Theory & Practice enables students to strengthen skills in areas such as managing poor performance, being more directive, and solving problems permanently. It is noted for its application across industry sectors and different types of business.

Kris Cole throws light on the gap between theory and practice in the 5th edition of Management - Theory and Practice. She explains management theory in everyday language, and puts it in a context that makes it easy to understand. This resource will help you develop the vocabulary you need to communicate effectively with colleagues and equips you with models and frameworks to tackle management challenges. In addition it will enable you to strengthen your 'hard skills', like managing poor performance, being more directive and solving problems permanently.

The 9th edition of this classic textbook provides students with a firm understanding of current management theories and practical skills to help smooth their transition into the workplace. Combining theory and practice it has been fully updated with a revised three-part structure to help learners focus on the many roles managers can play in an organization. It covers the topics most commonly taught on business courses at undergraduate and postgraduate level and gives students an insight into the latest trends in the ever-changing world of management.

edition of her best-selling textbook - Management - Theory and Practice. This market-leading textbook continues to provide students with rigorous information, whilst balancing the key topics with a practical approach, through real life case studies, examples and problem solving techniques. Using everyday business terms and language puts management in a context that makes it easy to understand by all types of learners. In addition, it will enable you to strengthen skills in areas such as managing poor performance, being more directive and solving problems permanently. This edition supports the comprehensive coverage of the core management units in the BSB Business Services Training Package: * BSB42015 Certificate IV in Leadership and Management * BSB51915 Diploma of Leadership and Management Another focus of this edition is developing the assessments matrix for the Instructor's Manual; mapping out assessment tools by Performance Criteria for each Unit and the Elements. New assessment assignments will also be mapped to align with the 800+ Performance Criteria the text covers, adding value to this edition and strengthening teacher's loyalty.

Contemporary organisation development (OD) in practice draws on sophisticated theory and tools to advance organisational change, using a range of concepts and techniques including positive psychology, appreciation, and active engagement with the workforce. OD is considered to be humanistic and, as a result, progressive. Mark Cole's original and thought-provoking treatise points at a hole at the heart of OD practice: it fails to consider the role of power in the workplace and the result is disempowering. Drawing from critical theory as a radical means to redefine practice, Mark Cole exposes this paradox and reveals the significant limitations and negative impacts of current OD practice. We need to replace the idea of the organisation with a focus on active human organising to enable individuals within systems to effect change from the grassroots up: this concept is Radical OD. Essential reading for students, practitioners, and academics of OD; the wider HR community, and all with an interest in developing their understanding of organisational life, this ground-breaking manifesto offers unique and challenging insight into the corporate presence of OD and challenges the willing reader to reimagine the focus and intent of this work.

A text on organizational behaviour, for second-year (and beyond) degree students on semesterized courses. A three-part structure links theory, case studies and a workbook section of questions and mini-cases.
