This well-established and widely adopted textbook, now in its 14th edition, continues to provide an in-depth and insightful analysis of the modern theories and practices of Cost Accounting. That the book has gone into its 14th edition and several reprints is a testimony of its wide acceptance by the students, academics and professionals. Primarily intended for postgraduate and undergraduate students of Commerce and Management, the book will be of immense benefit to the students pursuing professional courses offered by the Institute of Chartered Accountants of India (ICAI), Institute of Cost Accountants of India (ICAI), Institute of Company Secretaries of India (ICSI), and those pursuing the Chartered Financial Analyst (CFA) course. Now, in its 14th edition, the book has been suitably revised meeting the latest syllabi requirement of various courses. The chapter on "Strategic Cost Management" has been updated to enhance the competitive advantage of the firm. Besides, many chapters have been overhauled and updated, especially the chapters covering basic concepts and terms, classification of costs and cost sheet, activity based costing, marginal costing, relevant cost analysis and management decisions, capital budgeting decisions, and cost audit. The book also includes some of the cost standards set by ICAI, a wide array of illustrations, worked-out examples, and practice exercises. Besides, a large number of MCQs are given online for the students to practice and self evaluation. MCQs are critical in proper understanding and practice of theories and concepts. Also, CIMA Official Terminology is provided online to keep students and professionals abreast of relevant terms used in today's business environment. Introduction to Managerial Accounting, 4/e by Brewer/Garrison/Noreen is based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. However, this is not simply a briefer book with chapters removed. B/G/N has been rethought and retooled to meet the needs of the market. B/G/N 4/e is a more accessible, yet thoroughly student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course: cost accounting/cost management. Faculty and students alike will find this new edition has retained the hallmark features of the Garrison brand: author-written supplements, excellent readability, terrific examples, and balanced end-of-chapter material.

This dynamic text provides a practical, real-world approach to cost accounting, including substantial coverage of recent developments. COST ACCOUNTING, 12TH provides the essential background for those who will use accounting information as well as those who will prepare it. This edition continues the book's successful framework with early chapters devoted to thorough treatment of the elements of cost. Planning and control are recurring themes throughout the text as the authors provide special attention to decision-making and human behavioral considerations.

Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.
