This book constitutes the proceedings of the 15 Chinese Lexical Semantics Workshop, CLSW 2014, held in Macau, China, in June 2014. The 41 regular and 3 short papers included in this volume were carefully reviewed and selected from 139 submissions. They are organized in topical sections named: lexical semantics; applications on natural language processing; and lexical resources and corpus linguistics.

This is the first modern grammar of Nuosu written in English. Nuosu belongs to a little known section of Tibeto-Burman. The 2.5 Million ethnic Nuosu are part of the Yi nationality and live in Sichuan (China). This grammar informs Tibeto-Burman linguists, typologists, scholars of language contact and foreign learners of Nuosu.

In a culture obsessed with sex, the era of Dad's Playboy is long gone. Today, endless free porn is a click away and full-frontal photos appear on sites as accessible as Twitter, yet many couples struggle with the underlying issues of pornography. Emily Southwood considered herself to be sexually liberal—until her fiancé landed a job filming porn for a network reality TV show and her whole world changed overnight. Once confident in her relationship, she suddenly felt jealous, insecure, and obsessively comparative to the porn stars her fiancé was around everyday. She was forced to confront feelings she didn't even know she had: about the treatment of women in the porn industry, the hush-hush attitude toward women watching pornography, and the unrealistic expectations about sex that are often propagated by porn. Prude is a humorous memoir that explores why there is so little communication about porn in relationships. Southwood tells the story of her transformation from feeling sexually liberal-minded to realizing she had issues with porn and the industry her fiancé was a part of. She reveals her bizarre journey to conquer her discomfort around porn—and how she ends up finding herself (and ultimately fixing her relationship for good) along the way.

Over 3 million copies have been sold of the preeminent book on classroom management and teaching for lesson achievement. The book walks a teacher, either novice or veteran, through the most effective ways to begin a school year and continue to become an effective teacher. This is the most basic book on how to teach. Every teacher and administrator needs to have a copy. The book is used in thousands of school districts, in over 65 countries, and in over 1000 college classrooms. It works and it's inspiring. Included in this 3rd edition is a free 38 minute Enhanced CD, Never Cease to Learn. This bonus CD features Harry Wong with a special introduction by Rosemary Wong. The motivational message delivered is one all educators must hear and see.

This book constitutes the thoroughly refereed post-workshop proceedings of the 20th Chinese Lexical Semantics Workshop, CLSW 2019, held in Chiayi, Taiwan, in June 2019. The 39 full papers and 46 short papers included in this volume were carefully reviewed and selected from 254 submissions. They are organized in the following topical sections: lexical semantics; applications of natural language processing; lexical resources; corpus linguistics.

This 2005 book surveys theories about the relationship between verbs and their arguments, an important research topic in linguistics.

Concentrating on the post-Vatican II revisions of its teachings, this book tells the story of the destruction of the Roman Catholic tradition, a defining event of the twentieth century.
