"A magnificent starting place for any reader interested in becoming part of the collective enterprise of discovering and uncovering the silent, forgotten, and underrated voices of black women." THE WASHINGTON POST BOOK WORLD From all over the world and through the ages, here is a dazzling collection of two hundred women writers of African descent, showcased as never before, including: Toni Cade Bambara, Gwendolyn Brooks, Alice Childress, Maryse Conde, Aldo do Espirito Santo, Marita Golden, Pilar Lopez Gonzales, June Jordan, Terry McMillan, Queen of Sheba, Sojourner Truth, Harriet Tubman, Phillis Weatley, and many, many others.

The companion to the classic anthology Daughters of Africa—a major international collection that brings together the work of more than 200 women writers of African descent, celebrating their artistry and showcasing their contributions to modern literature and international culture. Contributors include: Chimamanda Ngozi Adichie ▯ Yaa Daley Ward ▯ Edwidge Danticat ▯ Phillippa Yaa De Villiers ▯ Esi Edugyan ▯ Eve Ewing ▯ Nikki Finney ▯ Roxane Gay ▯ Margo Jefferson ▯ Barbara Jenkins ▯ Imbolo Mbue ▯ Nnedi Okorafor ▯ Chinelo Okparanta ▯ Minna Salami ▯ Zadie Smith ▯ and more! Twenty-five years ago, Margaret Busby's Daughters of Africa was published to international acclaim and hailed as "an extraordinary body of achievement . . . a vital document of lost history" (Sunday Times) and "the ultimate reference guide" (Washington Post). New Daughters of Africa continues that tradition for a new generation. This magnificent follow-up to the original landmark anthology brings together fresh and vibrant voices that have emerged from across the globe in the past two decades, from Antigua to Zimbabwe and Angola to the United States. Key figures, including Margo Jefferson, Nawal El Saadawi, Edwidge Danticat, and Zadie Smith, join popular contemporaries such as Chimamanda Ngozi Adichie, Imbolo Mbue, Yrsa Daley-Ward, Taiye Selasi, and Chinelo Okparanta in celebrating the heritage that unites them. Each of the pieces in this remarkable collection demonstrates an uplifting sense of sisterhood, honors the strong links that endure from generation to generation, and addresses the common obstacles female writers of color face as they negotiate issues of race, gender, and class and address vital matters of independence, freedom, and oppression. A glorious portrayal of the richness, magnitude, and range of these visionary writers, New Daughters of Africa spans a range of genres—autobiography, memoir, oral history, letters, diaries, short stories, novels, poetry, drama, humor, politics, journalism, essays, and speeches—demonstrating the diversity and extraordinary literary achievements of black women who remain underrepresented, and whose contributions continue to be underrated in world culture today.

The spread of the British Empire around the globe made vast changes in the relationship of peoples to places. Because the logistics of colonization varied, countries passed in and out of the empire, some rapidly and others slower or by degrees. Multiculturalism broadened the world's ability to read the English language and understand and adopt England's ethics and morals. Into the early twentieth century, the posting of the British army and navy and the establishment of English-style embassies and police forces in remote colonies freed single travelers, especially women and children, of the fear of violence or kidnap. As a result, girls and women found outlets for creativity by exploring unfamiliar lands. In Women's Art of the British Empire, Mary Ellen Snodgrass provides an overview of multiracial arts and crafts from Great Britain's Empire. Drawing upon primary sources, this volume encompasses a wide variety of artistic accomplishment, such as: sewing and quilting basketry and weaving songwriting and dancing diaries, memoirs, editorials, and speeches Each entry includes a comprehensive bibliography of primary and secondary sources, as well as further readings on the female artists and their respective crafts. With its informative entries and extensive examinations of artistic talent, Women's Art of the British Empire is a valuable resource for students, scholars, and anyone interested in learning about the history of women and their artistic contributions.

When the American golfer Tiger Woods proclaimed himself a "Caublinasian", affirming his mixed Caucasian, Black, Native American and Asian ancestry, a storm of controversy was created. This book is about people faced by the strain of belonging and not belonging within the narrow confines of the terms 'Black' or 'White'. This is a unique and radical study. It interweaves the stories of six women of mixed African/African Caribbean and white European heritage with an analysis of the concepts of hybridity and mixed race identity.

Profiles a host of famous black women representing a wide range of fields and achievements.

An ability to speak Jamaican Standard English is the stated requirement for any managerial or frontline position in corporate Jamaica. This research looks at the phonological variation that occurs in the formal speech of this type of employee, and focuses on the specific cohort chosen to represent Jamaica in interactions with local and international clients. The variation that does emerge, shows both the presence of some features traditionally characterized as Creole and a clear avoidance of other features found in basilectal and mesolectal Jamaican. Some phonological items are prerequisites for "good English" - variables that define the user as someone who speaks English - even if other Creole variants are present. The ideologies of language and language use that Jamaican speakers hold about "good English" clearly reflect the centuries-old coexistence of English and Creole, and suggest local norms must be our starting point for discussing the acrolect.

This study uses an abundance of primary sources to restore African American female participants in the Civil War to history by documenting their presence, contributions and experience. Free and enslaved African American women took part in this process in a variety of ways, including black female charity and benevolence. These women were spies, soldiers, scouts, nurses, cooks, seamstresses, laundresses, recruiters, relief workers, organizers, teachers, activists and survivors. They carried the honor of the race on their shoulders, insisting on their right to be treated as "ladies" and knowing that their conduct was a direct reflection on the African American community as a whole. For too long, black women have been rendered invisible in traditional Civil War history and marginal in African American chronicles. This book addresses this lack by reclaiming and resurrecting the role of African American females, individually and collectively, during the Civil War. It brings their contributions, in the words of a Civil War participant, Susie King Taylor, "in history before the people."

Authoritative, creative, and groundbreaking original literary essays about an important emerging area of study.

Examining the role gender plays in African Studies, as practised in Africa and the US, this book discusses the challenges and difficulties female scholars face in their efforts to produce and disseminate scholarly knowledge. Beginning with an analysis of the structural and institutional barriers that affect women's productivity, it then examines the impact of the growth of women's presses, the promotion of feminist scholarship, and the productive links formed across the Atlantic, providing insight into the politics of cross-cultural race and gender.
