Carl W. Dundas, LL.B, LL.M (Lon.), Barrister-at-law (Gray's Inn) is an Election Expert. While in the service of Jamaica, Mr. Dundas, as the Technical Adviser to a Joint Select Committee of both Houses of Parliament, which dealt with constitutional and electoral reform, eventually became the first Director of Elections 1979-80. He has extensive experience in constitution drafting, particularly the provisions relating to election management bodies. He has given technical assistance in electoral matters in many countries, including Aceh, (Indonesia), Antigua & Barbuda, Botswana, Cayman Islands, Guyana, Kenya, Lesotho, Liberia, Malawi, Mozambique, Nigeria, Sierra Leone, South Africa, Tanzania/Zanzibar, and Zambia; and has been assigned to observe elections in many countries, including Bangladesh, Guyana, Kenya, Liberia, Malaysia, Malawi, Pakistan, Mozambique, South Africa, Tanzania/Zanzibar, and Zambia. He has also advised on election organization and management in Jamaica, Kenya, Liberia, Malawi, Mozambique, Nigeria, South Africa, and Sierra Leone. Mr. Dundas led Commonwealth Secretariat's electoral technical assistance missions to Guyana, Kenya, Malawi, Namibia, Nigeria, Sierra Leone, South Africa, Tanzania/Zanzibar, and Zambia. He carried out assignments in areas such as designing electoral frameworks for a neutral and impartial electoral management body, the establishment of instruments for the transition from a military one-party to a multiparty system, and has organised capacity-building seminars and workshops. Mr. Dundas was Chairman of the Electoral Boundary Delimitation Commission of the Cayman Islands in 2003 and 2010. As an Election Legal Consultant from 2001 to 2006, Mr. Dundas advised many election management bodies (EMBs) on reform and modernisation, including Aceh (Indonesia), Antigua & Barbuda, Botswana, Cayman Islands, Guyana, Lesotho, Liberia, Nigeria, and Tanzania. In 2006 to 2010, Mr. Dundas took up an appointment as the Chief of Party of the International Foundation for Electoral Systems' (IFES) and African Union Support Program (funded by USAID) to advise the African Union on the establishment of a Democracy and Electoral Assistance Unit. In 2011, he returned to private consultancy with an assignment from Commonwealth Secretariat as a consultant to the Independent National Electoral Commission (INEC) of Nigeria and shortly thereafter he accepted an appointment as IFES' Country Director in Nigeria.

This book contains illustrated code examples to help you create real-time, asynchronous, and bi-directional client-server applications. Each recipe will concentrate on one specific aspect of application development with SignalR showing you how that aspect can be used proficiently. Different levels of developers will find this book useful. Beginners will be able to learn all the fundamental concepts of SignalR, quickly becoming productive in a difficult arena. Experienced programmers will find in this book a handy and useful collection of ready-made solutions to common use cases, which they will be able to enhance as needed. Developers can also use the book as a quick reference to the most important SignalR features. No previous practical experience either with SignalR or with real-time communication in general is required.

Someone is stealing the delicious pickles from Amy's lunch day after day. How can Amy find out who is taking the pickle and stop it? This easy-to-read book is designed to teach children, especially those between ages 4 and 10 years, how to identify problems, brainstorm options, think through the possible outcome of each option and finally, to select and implement a solution. With these problem-solving skills, kids are better prepared to cope with every kind of concern. Frustration and disappointment won't go away, but research shows that children will be less likely to respond with angry outbursts. They will be more confident and better prepared to handle the variety of problems they will face as they mature. Written in the "you-choose-what-happens-next" format.

ⓘChronicles the heyday of the Chicago Heights subsidiary of Al Capone's infamous Prohibition-breaking criminal organization! (Time Out Chicago). Chicago Heights was long the seat of one of the major street crews of the Chicago Outfit, but its importance has often been overlooked and misunderstood. The crew's origins predate Prohibition, when Chicago Heights was a developing manufacturing center with a large Italian immigrant population. Its earliest bosses struggled for control until a violent gang war left the crew solidified under the auspices of Al Capone. For the remainder of the twentieth century, the boys from Chicago Heights generated large streams of revenue for the Outfit through its vast gambling enterprises, union infiltration, and stolen auto rackets. For the first time, the history of the Chicago Heights street crew is traced from its inception through its last known boss. Includes photos! |I recommend this book to anyone who is interested in the Chicago Heights Street Crew. It not only provides a well researched history of the crew, but also explains how the boys from Chicago Heights became an important, yet little known, part of the Chicago Outfit. |ⓘSpringer Science + Business Media

This volume is the proceedings of the second International Conference on Database Theory (ICDT) held in Bruges, Belgium, August 31 - September 2, 1988. ICDT intends to provide a European forum for the international research community working on theoretical issues related to database and knowledge base systems. The proceedings of this conference contain all invited and accepted papers, which represent the latest results obtained in ongoing research in database theory worldwide. Most major themes of research in database theory are covered in ICDT '88: the relational model, logic and databases, object-oriented databases, deductive databases, conceptual models, analysis and design of data structures, query languages, concurrency control and updates and transactions.

When a childhood friend asks her to come to Denver, Colorado, and fill in for a missing bridesmaid, professional psychic Abby Cooper, in desperate need of a change of scenery, finds herself immersed in a matrimonial mystery when the wedding party starts rapidly disappearing. Original.

'I'm no angel.' Bernie Ecclestone Born into poverty, Bernie Ecclestone has made himself a billionaire by developing the world's second most popular sport - Formula One racing. Private, mysterious and some say sinister, the eighty-year-old criss-crosses the globe in his private jet, mixing with celebrities, statesmen and sporting heroes. His success is not just in creating a multibillion-pound global business but in resisting repeated attempts to snatch the glittering prize from his control. Ecclestone has never before revealed how he graduated from selling second-hand cars in London's notorious Warren Street to become the major player he is today. He has finally decided to reveal his secrets: the deals, the marriages, the disasters and the successes in Formula One racing, in Downing Street, in casinos, on yachts and in the air. Surprisingly, he has granted access to his inner circle to Tom Bower, described by Ecclestone as 'The Undertaker' - the man who buries reputations - and has given him access to all his friends and enemies. All have been told by Ecclestone, 'Tell him the truth, good or bad.' No Angel is a classic rags-to-riches story, the unique portrayal of a unique man and an intriguing insight into Formula One racing, business and the human spirit. Tom Bower is the author of nineteen books, including biographies of Robert Maxwell, Mohamed Fayed, Gordon Brown, Richard Branson, Conrad Black and more recently, Simon Cowell.

Obesity has not, until very recently, featured very strongly in medical training. There has been a widespread view that becoming overweight is a sign of a weak personality, a combination of gluttony and apparent sloth, accompanied very often by a degree of mendacity. For this reason, medical practitioners are often reluctant to become involved in obesity and weight management. The second edition of this popular handbook provides an up-to-date background on obesity and an understanding of weight management for health professionals and offers outlines for management plans which can be instituted at a primary care level.
