If you are building or leading an organization, you'll get an inside look at how Dan Lok strategically scaled his organization through a combination of digital media and Social Capital, High-Ticket Closers and an unbeatable team culture. Wherever you are, Unlock It will show you how to find your own way to achieving wealth, success and significance.

"In the dark, bewildering, trap-infested jungle of misinformation and opaque riddles that is the world of investment, JL Collins is the fatherly wizard on the side of the path, offering a simple map, warm words of encouragement and the tools to forge your way through with confidence. You'll never find a wiser advisor with a bigger heart." -- Malachi Rempen: Filmmaker, cartoonist, author and self-described ruffian This book grew out of a series of letters to my daughter concerning various things-mostly about money and investing-she was not yet quite ready to hear. Since money is the single most powerful tool we have for navigating this complex world we've created, understanding it is critical. "But Dad," she once said, "I know money is important. I just don't want to spend my life thinking about it." This was eye-opening. I love this stuff. But most people have better things to do with their precious time. Bridges to build, diseases to cure, treaties to negotiate, mountains to climb, technologies to create, children to teach, businesses to run. Unfortunately, benign neglect of things financial leaves you open to the charlatans of the financial world. The people who make investing endlessly complex, because if it can be made complex it becomes more profitable for them, more expensive for us, and we are forced into their waiting arms. Here's an important truth: Complex investments exist only to profit those who create and sell them. Not only are they more costly to the investor, they are less effective. The simple approach I created for her and present now to you, is not only easy to understand and implement, it is more powerful than any other. Together we'll explore: Debt: Why you must avoid it and what to do if you have it. The importance of having F-you Money. How to think about money, and the unique way understanding this is key to building your wealth. Where traditional investing advice goes wrong and what actually works. What the stock market really is and how it really works. Why the stock market always goes up and why most people still lose money investing in it. How to invest in a raging bull, or bear, market. Specific investments to implement these strategies. The Wealth Building and Wealth Preservation phases of your investing life and why they are not always tied to your age. How your asset allocation is tied to those phases and how to choose it. How to simplify the sometimes confusing world of 401(k), 403(b), TSP, IRA and Roth accounts. TRFs (Target Retirement Funds), HSAs (Health Savings Accounts) and RMDs (Required Minimum Distributions). What investment firm to use and why the one I recommend is so far superior to the competition. Why you should be very cautious when engaging an investment advisor and whether you need to at all. Why and how you can be conned, and how to avoid becoming prey. Why I don't recommend dollar cost averaging. What financial independence looks like and how to have your money support you. What the 4% rule is and how to use it to safely spend your wealth. The truth behind Social Security. A Case Study on how this all can be implemented in real life. Enjoy the read, and the journey!

Are you happy? Is there more to life than this? What if there is another way?

#1 New York Times Bestseller Over 1 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's

be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F**k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, The Subtle Art of Not Giving a F**k is a refreshing slap for a generation to help them lead contented, grounded lives.

Compelling and straight-shooting wisdom for coping with whatever challenges life throws at us from the New York Times bestselling author of Unfu*k Yourself. In Unfu*k Yourself, Gary John Bishop taught millions of readers how to silence the negative, self-sabotaging voice in their head to thrive. In Wise As Fu*k he expands on his ideas, redefining what it means to be wise and showing how to tackle problems and improve our lives and those of others. When the shit storms of life hit us, many of us don't know what to do—whether it's losing a job, suffering a broken heart, or just feeling a lack of purpose. We need wisdom to help us navigate forward. While the internet is full of seemingly good advice, it isn't helping us actually change our lives. Wise As Fu*k breaks through the bullshit, providing insight to inspire us in the four areas we need it most: love, loss, fear, and success. Written with his widely admired no-nonsense style, Wise As Fu*k provides a welcome fresh perspective to help us transform how we approach a variety of life's problems. But Bishop makes clear, the work doesn't stop there. Now that you've unfu*ked yourself and are wise as fu*k about these touchy areas, you can apply the lessons to make a positive impact on the world.

FU money is just the state of financial/professional security that allows you not to depend on your particular job. As previously mentioned, having a dual-income situation can make almost any level of savings an FU money situation. What also lowers the bar drastically is having a career where you can easily switch jobs (or careers). From this book, you'll get: An idea of what you were put on this earth to do. Increased happiness, purpose, and meaning. A practical plan to future-proof your career. A way to declutter your life, so you're able to see and think again. A fully costed route to financial independence (call it early retirement if you like). A system to manage your finances. An investing plan that will knock your socks off and explain how you can get your F.U. Money. If you read this book and carry out its recommendations, within a year, you will have transformed your future. It's never too late. Carpe diem. You are the master of your fate: you (and no one else) are the captain of your soul.

Tra-la-laaa! Dav Pilkey -- ahem -- we mean, George and Harold, the authors of SUPER DIAPER BABY, are back with their second epic novel!

by indecision and fear of failure. The desire to get it right can inhibit us from getting started. In this book Rob Moore, the bestselling author of MONEY, shows that the quickest way to perfect is starting right now and improving as you go. This book will show you how to launch your business or idea, begin the next phase of your career, and overcome self-doubt - right away. Get perfect later, get started NOW.

In How Come That Idiot's Rich and I'm Not? bestselling author Robert Shemin reveals for the first time the inner-circle secrets of the mega-wealthy. Have you ever wondered why some people attract wealth while others stay financially trapped and in debt? The key is wealth-friendly, upside-down thinking. Stick with all the old moneymaking rules and stay broke. Break them and get rich. This is the book that shows you how. We've all read about the college kid who made millions on a brainstorm, or the couple who made a fortune in real estate, or the guy in his thirties who waved good-bye to his boss and now lives on his investments. But until now, how they did it—the rules they followed or flouted, the tricks they stumbled on—have remained a mystery. That's about to change. Whether you've been trying to get rich but haven't quite made it yet, or just need the confidence to dream big, this is the book for you. As experienced as Shemin is at showing high-net-worth individuals how to get richer, his real love is helping self-described "financial disasters" earn millions. And he uses his own odds-defying story to illustrate the outside-the-box thinking that gets the job done. Here, you'll learn how to:

- set only one powerful success goal—and make it a big one
- play while your money goes to work
- stop building someone else's business and start building your own
- live and think like a millionaire while you're becoming one
- use the power and "smarts" of other Rich Idiots to help you join the Rich Idiot Club
- add OPI (other people's ideas), OPT (other people's time), and OPE (other people's experience) to do less and make more
- tap into timeless secrets that unlock the energy and spiritual power of money

Learn which three assets you must own to become a Rich Idiot and how to obtain them with little or no money of your own. Learn why Rich Idiots outearn almost all the so-called wealth experts and how you can, too. Above all, learn how doing just one thing a day will bring you to your big goal. In this book, the first to show you what it really takes to achieve financial abundance, Shemin illustrates in a fun, witty way how going against the grain is, in fact, the surest way to gain. Spend just a few pages with Robert and his Rich Idiot friends and you'll be convinced that "if they could do it, I can do it."
