5. To intervene in an already existing dispute before the U.S. Supreme Court about whether ballots the state received after 8 p.m. on Election Day should count.

Discover a fact for everyone, everyday, in this book. Explore a world of topics, from hilarious animals, to unbelievable-but-true science facts, mind-blowing space stats, to incredible human achievements. You can even look up what extraordinary event happened on your birthday! Did you know that Ancient Romans used wee to whiten their teeth, and to do their laundry' Or have you heard of the parrotfish, which covers itself in a cosy, thick layer of its own slime before it goes to sleep' Why not celebrate New Year's Eve like the Estonians- tuck into seven meals to give you strength for the year ahead. Delicious! It 's most important to know that you should never shake hands with a bushbaby- the animals pee on their paws so that they leave a smelly trail wherever they go. Find out all this and much, much more, with enough facts for even the most curious reader. Also includes seasonal and on this day ' facts for added curiosity and fun, plus a completely random mix of everything else you can imagine. These facts are brought to life with stylish, full colour illustrations from Fatti Burke. Her charmingly beautiful artwork makes this a book to keep coming back to.

Featuring humorous illustrations, this guide reveals incredible things happening around the world in a day, from 77 million pounds of tomatoes eaten in the United States to fifty-one new plant and animal species discovered daily.

THE NEW YORK TIMES BESTSELLER "[A] wise, wildly unique" (Entertainment Weekly) love story from the bestselling co-author of Nick and Norah's Infinite Playlist and Will Grayson, Will Grayson about a teen who wakes up every morning in a different body, living a different life. Every day a different body. Every day a different life. Every day in love with the same girl. There's never any warning about where it will be or who it will be. A has made peace with that, even established guidelines by which to live: Never get too attached. Avoid being noticed. Do not interfere. It's all fine until the morning that A wakes up in the body of Justin and meets Justin's girlfriend, Rhiannon. From that moment, the rules by which A has been living no longer apply. Because finally A has found someone he wants to be with—day in, day out, day after day. With his new novel, David Levithan, bestselling co-author of Will Grayson, Will Grayson, and Nick and Norah's Infinite Playlist, has pushed himself to new creative heights. He has written a captivating story that will fascinate readers as they begin to comprehend the complexities of life and love in A's world, as A and Rhiannon seek to discover if you can truly love someone who is destined to change every day. "A story that is always alluring, oftentimes humorous and much like love itself—splendorous." —Los Angeles Times

Like fan mail addressed to the natural world, Everyday Amazing is filled with uplifting and interesting musings on science from Beatrice the Biologist. Beatrice the Biologist is an easily amused former high school biology teacher with a soft spot for the mind-blowing science we encounter daily that we often take for granted. He was famous for telling stories. He could always make the story interesting. He had a way of seeing the best or funniest of every situation. He wrote down over 180 of his best stories in his last few years for all his family and friends. You will laugh, and relate to the stories of childhood, school years, and growing up during the depression. From his northern New Jersey, small town home he shares what it was like growing up in the 20's and 30's. From logging to working with horses, the stories provide a great view of the life style from that time period.
