Major Tractor replaced the Power Major in 1960. This major upgrade of the E1A range was to be the last. The introduction of "Qualitrol", flow control and position control hydraulic system was a significant improvement over previous models. Engine power was increased to 54 h.p., disc brakes added, and a

development of the four-wheel drive agricultural tractor in Britain. Stuart Gibbard gives details of all the main models and machines of these manufacturers. He chronicles the fortunes of the firms from the beginning of the 20th century to the present day and discusses many of the personalities involved.
