Vishnu Smriti is one of the latest books of the Dharmasastra tradition in Hinduism and the only one which does not deal directly with the means of knowing dharma. The text has a strong bhakti orientation, requiring daily puja to the god Vishnu. The Vishnu Smriti is divided into one hundred chapters, consisting mostly of prose text but including one or more verses at the end of each chapter. The premise of the narration is a frame story dialogue between the god Vishnu and the goddess Earth (Prithvi). This frame story remains present throughout the text, unlike many Dharmasastras where the simple expounding of laws takes over for the majority of the books. The text begins when Vishnu realizes that Earth is submerged underwater. He dives in to rescue her, lifting her up out of the water and exposing her surface. Earth is grateful but worries who will continue to support her in the future. Vishnu then assures her that she should not worry because, "Good people who take delight in the conduct of the social classes and the orders of life who are totally devoted to the sastras, O Earth, will support you. The task of caring for you is entrusted to them." (1.47). Having been comforted, the Earth continues, asking, "Tell me, O Eternal One, the Laws of the social classes and orders of life." (1.48-1.49). From this question, Vishnu then launches into his teachings of dharma.

In the grip of lust, Raja Karan Vaghela abducts the beautiful Roopsundari, his prime minister Madhav's wife. Fuelled by a desire for revenge, Madhav escapes to Delhi and persuades Sultan Alauddin Khilji to invade Gujarat and destroy Patan fort. This unleashes a dramatic chain of events that forever ends Rajput rule in Gujarat, heralding the dawn of a new age. Rich in psychological insight and imbued with a poetic vision, Karan Ghelo tells the spellbinding tale of a man who tragically failed his land and its people.
