into our future.

Two childhood friends. An abandoned
cabin in the woods. A lazy weekend
reminiscing together. It was supposed to
bring them closer together; to provide

healing for their broken friendship. Zoe Kate was accustomed to being alone. She was left alone when her parents and sister all died on the same day. She was left alone when her best friend, Adam Boggs, went away to college and stopped writing home. Shy and socially awkward, she spent most of her time alone. When Boggs

contacted her out of the blue, though, she agreed to see him. Standing on the porch of a dilapidated cottage, Zoe and Boggs go from zero to sixty when a dead man stumbles out of the woods. They are thrown together in a race to find safety in a world where the rules of nature have suddenly been rewritten and the line

between life and death has reversed direction. As they Zoe and Boggs flee the city, it's not long before they realize the end of the world is upon them. Stopping at a gas station on the outskirts of town, they cross paths with a lone man named Gus who will become critical to their survival. Together the three head to the mountains,

When the term "industrial revolution"
comes into mind, everything starts coming
back from scratch. The Industry 4.0" or the
digitalization, took place in the economic
industry for bringing a great

transformation. The approach of the Industry 4.0 is simple and beneficial. The main purpose of the Industry 4.0 is to provide a platform to such companies which haven't reached an international level. At the same time, it is very helpful in bringing and applying new technologies that are used for the Industries in many

ways. The Industry 4.0 has given new heights to the digitalization and because of it; the digital technology is serving at the pinnacle. The technology or the technique of the fourth industrial revolution is required to access better information for the smooth working of a company. Along with this, the smooth execution of works,
