Anthony Swofford's Jarhead is the first Gulf War memoir by a frontline infantry marine, and it is a searing, unforgettable narrative. When the marines -- or "jarheads," as they call themselves -- were sent in 1990 to Saudi Arabia to fight the Iraqis, Swofford was there, with a hundred-pound pack on his shoulders and a sniper's rifle in his hands.

Here, we’re going over a brief history of the Marines, a few theories behind the origin of the jarhead term, and some other nicknames for Marines other than jarhead. Who are the Marines? The U.S. Marine Corps was founded on November 10, 1774, and is responsible for conducting “expeditionary and amphibious operations.”

~~Why Are Marines Called Jarheads? —OurMilitary.com~~
Jarhead: Anthony Swofford Jarhead is a first-person account of Cpl. Anthony Swofford’s experiences as a Marine Corporal between the years 1988 and 1991. Jarhead, aptly named for the high and tight haircuts sported by Marines, touches on the life of an enlisted Marine through the perspective of an immature young adult.

~~Jarhead Quotes by Anthony Swofford~~
Jarhead A Marine's Chronicle of the Gulf War and Other Battles (Book) : Swofford, Anthony : Anthony Swofford's Jarhead is the first Gulf War memoir by a frontline infantry Marine, and it is a searing, unforgettable narrative. When the Marines -- or "jarheads," as they call themselves -- were sent in 1990 to Saudi Arabia to fight the Iraqis, Swofford was there, with a hundred-pound pack on his shoulders and a sniper's rifle in his hands.

Anthony Swofford's Jarhead is the first Gulf War memoir by a frontline infantry marine, and it is a searing, unforgettable narrative. When the marines -- or "jarheads," as they call themselves -- were sent in 1990 to Saudi Arabia to fight the Iraqis, Swofford was there, with a hundred-pound pack on his shoulders and a sniper's rifle in his hands. It was one misery upon another. He lived in sand for six months, his girlfriend back home betrayed him for a scrawny hotel clerk, he was punished by boredom and fear, he considered suicide, he pulled a gun on one of his fellow marines, and he was shot at by both Iraqis and Americans. At the end of the war, Swofford hiked for miles through a landscape of incinerated Iraqi soldiers and later was nearly killed in a booby-trapped Iraqi bunker. Swofford weaves this experience of war with vivid accounts of boot camp (which included physical abuse by his drill instructor), reflections on the mythsos of the marines, and remembrances of battles with lovers and family. As engagement with the Iraqis draws closer, he is forced to consider what it is to be an American, a soldier, a son of a soldier, and a man. Unlike the real-time print and television coverage of the Gulf War, which was highly scripted by the Pentagon, Swofford's account subverts the conventional wisdom that U.S. military interventions are now merely surgical insertions of superior forces that result in few American casualties. Jarhead insists we remember the Americans who are in fact wounded or killed, the fields of smoking enemy corpses left behind, and the continuing difficulty that American soldiers have reentering civilian life. A harrowing yet inspiring portrait of a tormented consciousness struggling for inner peace, Jarhead will elbow for room on that short shelf of American war classics that includes Philip Caputo's A Rumor of War and Tim O'Brien's The Things They Carried, and be admired not only for the raw beauty of its prose but also for the depth of its pained heart.

"Swofford weaves this experience of war with vivid accounts of boot camp (which included physical abuse by his drill instructor), reflections on the mythsos of the marines, and remembrances of battles with lovers and family. As engagement with the Iraqis draws closer, he is forced to consider what it is to be an American, a soldier, a son of a soldier, and a man." "Unlike the real-time print and television coverage of the Gulf War, which was highly scripted by the Pentagon, Swofford's account subverts the conventional wisdom that U.S. military interventions are now merely surgical insertions of superior forces that result in few American casualties. Jarhead insists we remember the Americans who are in fact wounded or killed, the fields of smoking enemy corpses left behind, and the continuing difficulty that American soldiers have reentering civilian life."--BOOK JACKET.

Seminar paper from the year 2004 in the subject English Language and Literature Studies - Literature, grade: 1, University of Regensburg, course: Proseminar, 1 entries in the bibliography, language: English, abstract: These are the two types into which women can be classificated in the eyes of a Marine. This attitude towards women might be disgusting in the eyes of the reader of Anthony Swofford´s war novel Jarhead: a Marine´s chronicle of the Gulf War and other battles (2003) but it seems as if it is normal in the United States Marine Corps, (US MC), to which the author belonged during the first Gulf War. Having grown up in Tachikawa, Japan and having served a ordinary High-School education it is interesting to find out, where this attitude came from and if it already existed in the mind of the author.

1989. Severin Boxx is the seventeen-year-old son of an Air Force pilot who lives on a military base in Japan. He loves -- from afar -- Virginia Kindwall, the daughter of the general who runs the base. Virginia is tough and sophisticated beyond her years, and when she falls in with the Japanese underground her dealings result in her disappearance and Severin is forced to return to America. 2006. Unhappily married and living in San Francisco, Severin's life is turned upside-down by the arrival of a postcard from General Kindwall, now dying in a hospital in Vietnam, asking him to find his daughter before he dies. But the search for Virginia will take him back to the country of his youth, and to unexpected consequences for both. Suffused with the same intensity of emotion and facility with language as Jarhead, Anthony Swofford's debut novel marks the arrival of a major new voice in fiction.

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "Jarhead: A Marine's Chronicle of the Gulf War and Other Battles." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

“Brave, honest, and necessary.”—Nancy Pearl, NPR Seattle Kayla Williams is one of the 15 percent of the U.S. Army that is female, and she is a great storyteller. With a voice that is “funny, frank and full of gritty details” (New York Daily News), she tells of enlisting under Clinton; of learning Arabic; of the sense of duty that fractured her relationships; of being surrounded by bravery and bigotry, sexism and fear; of seeing 9/11 on Al-Jazeera; and of knowing she would be going to war. With a passion that makes her memoir “nearly impossible to put down” (Buffalo News) Williams shares the powerful gamut of her experiences in Iraq, from caring for a wounded civilian to aiming a rifle at a child. Angry at the bureaucracy and the conflicting messages of today’s military, Williams offers us “a raw, unadulterated look at war” (San Antonio Express News) and at the U.S. Army. And she gives us a woman’s story of empowerment and

self-discovery.

Based on Evan Wright's National Magazine Award-winning story in Rolling Stone, this is the raw, firsthand account of the 2003 Iraq invasion that inspired the HBO® original mini-series. Within hours of 9/11, America's war on terrorism fell to those like the twenty-three Marines of the First Recon Battalion, the first generation dispatched into open-ended combat since Vietnam. They were a new pop-culture breed of American warrior unrecognizable to their forebears—soldiers raised on hip hop, video games and The Real World. Cocky, brave, headstrong, wary and mostly unprepared for the physical, emotional and moral horrors ahead, the “First Suicide Battalion” would spearhead the blitzkrieg on Iraq, and fight against the hardest resistance Saddam had to offer. Hailed as “one of the best books to come out of the Iraq war”(Financial Times), Generation Kill is the funny, frightening, and profane firsthand account of these remarkable men, of the personal toll of victory, and of the randomness, brutality and camaraderie of a new American War.

Documents the author's marriage to a fellow Iraq War veteran, describing the impact of his brain injury on their relationship, their shared efforts to overcome post-traumatic stress, and the lack of support for veterans.

A dazzling fourth novel by the author of The Recognitions, Carpenter's Gothic, and JR uses his considerable powers of observation and satirical sensibilities to take on the American legal system.
