Brzezinski asked a wide range of successful women to share the critical lessons they learned while moving up in their fields. Power players such as Facebook's Sheryl Sandberg, Senator Elizabeth Warren, Harvard's Victoria Budson, comedian Susie Essman, and many more shared their surprising personal stories. They spoke candidly about why women are paid less and the pitfalls women face--and play into.

Now expanded to address gender dynamics in the #MeToo era, Know Your Value blends compelling personal stories with the latest research on why many women don't

For any woman who has ever wondered if her desire to be liked can be a liability (yes), if there is a way to reclaim her contribution after it's been co-opted in a meeting (yes), and if there are strategies men use to get ahead that women should too (yes!), Know Your Value provides vital advice to help women be their own best advocates.

The author interviews a number of prominent women--including comedian Susie Essman, writer and director Nora Ephron and TV personality Joy Behar--to reveal the ways that everyday women can achieve their deserved recognition and financial worth in today's professional world.

A woman who wants to be successful must make sacrifices, but how can she determine which ones she'll be happy with five, ten, twenty years from now? Mika Brzezinski, Morning Joe co-host and New York Times best-selling author of *Knowing Your Value*, has built a career on inspiring women to assess and then obtain their true value in the workplace. In her books and in her conferences, Mika gives women the tools necessary to advocate for themselves and their financial futures. But that is only the first step; once you know your value, you need to grow it—both professionally and personally. Drawing on deeply revealing conversations with powerful and dynamic women, input from researchers and relationship experts,

and her own wealth of experience, Mika helps women pinpoint their individual definition of success. She advises her readers to define the “professional value” that encompasses their worth in the workplace, and the “inner value” made up of their core beliefs and goals. Women can stop feeling overwhelmed, overscheduled, frantic, and forever guilty—but only if they choose their objectives confidently and unapologetically, and focus their efforts accordingly. Mika encourages women to stop seeking the unobtainable “work-life balance,” and instead pursue a life of honesty and authenticity, where career and home life combine rather than collide.
