The aim of this series is to provide a common ground between obstetricians and paediatricians, and to describe current practice in a way that is useful and relevant to both groups.

The extreme travel community goes to places beyond the ordinary - and William Baekeland, a young man with incredible riches, joins expeditions to isolated islands of Antarctica, the Russian Arctic, Central African Republic, Sudan and Timor-Leste, among others. He becomes the awe and the inspiration of many travellers, young and old, on his quest to 'go everywhere'. But is all as it seems? This incredible true story written by one of the world's most experienced travellers will take you on a journey to some of the most unusual places of our planet while turning into a real-life detective story as the elusive truth finally reveals itself.

There are a few places screenwriter Lou Calabrese would rather be than crammed into a helicopter with Jack Townsend, star of her claim to fame, Copkiller, and whose ex just ran off with Lou's ex. Talk about uncomfortable. But when, halfway out to the isolated arctic location where Copkiller IV is currently shooting, their pilot turns murderous and their helicopter crashes, Lou realizes her day has just gotten a lot worse. Now, while family and friends back home fret over her disappearance, Lou is on the run in the arctic wilderness with America's sweetheart Jack Townsend and only the contents of her purse, his pockets, and their mutual knowledge of survival movie trivia to keep them alive. Can these two children of Hollywood put aside their differences and make it back home without killing each other? Or much, much worse, actually start to like one another?

This clear and lively introduction to probability theory concentrates on the results that are the most useful for applications, including combinatorial probability and Markov chains. Concise and focused, it is designed for a one-semester introductory course in probability for students who have some familiarity with basic calculus. Reflecting the author's philosophy that the best way to learn probability is to see it in action, there are more than 350 problems and 200 examples. The examples contain all the old standards such as the birthday problem and Monty Hall, but also include a number of applications not found in other books, from areas as broad ranging as genetics, sports, finance, and inventory management.

" THE SORCERER ' S RING has all the ingredients for an instant success: plots, counterplots, mystery, valiant knights, and blossoming relationships replete with broken hearts, deception and betrayal. It will keep you entertained for hours, and will satisfy all ages. Recommended for the permanent library of all fantasy readers. " --Books and Movie Reviews, Roberto Mattos A CHARGE OF VALOR is Book #6 in the #1 Bestselling series THE SORCERER'S RING, which begins with A QUEST OF HEROES (BOOK #1)--a FREE download on Google Play! In A CHARGE OF VALOR (Book #6 in the Sorcerer's Ring), Thor continues on his quest, deeper into the Empire, to retrieve the stolen Destiny Sword and save the Ring. As he and his friends meet unexpected tragedy and lose a member of their close-knit group, Thor and his remaining friends become closer than they ever were, learning that they must face and overcome adversity together . Their journey takes them to new and exotic terrains, including the desolate Salt Fields, the Great Tunnel, and the Mountains of Fire, as they face a host of unexpected monsters at every turn. Thor ' s skills deepen as he undergoes his most advanced training yet, and he will need to draw on powers greater than he has ever used if he is to survive. They finally discover where the Sword has been taken, and they learn that, to retrieve it, they will have to venture to the most dreaded place in the Empire: the Land of the Dragons. Back in the Ring, Gwendolyn recovers slowly and grapples with deep depression after her attack. Kendrick and the others vow to fight for her honor, despite the impossible odds. There follows one of the great battles in the history of the Ring, as they struggle to free Silasia and conquer Andronicus. Meanwhile, Godfrey finds himself in disguise behind enemy lines and begins to come into his own, learning what it means to become a warrior, in his own, unique way. Gareth manages to stay alive, using all his cunning to avert capture by Andronicus, while Erec fights for his life to save Savaria from the oncoming invasion by Andronicus--and to save his love, Alistair. Argon pays a precious price for doing the forbidden: meddling in human affairs. And Gwendolyn must decide if she will give up on life, or take up the secluded life of a nun in the ancient Tower of Refuge. But not before, in a shocking twist, Thor finally learns who his real father is. Will Thor and the others survive the quest? Will they retrieve the Destiny Sword? Will the Ring survive Andronicus ' invasion? What will become of Gwendolyn, Kendrick and Erec? And who is Thor ' s real father? With its sophisticated world-building and characterization, A CHARGE OF VALOR is an epic tale of friends and lovers, of rivals and suitors, of knights and dragons, of intrigues and political machinations, of coming of age, of broken hearts, of deception, ambition and betrayal. It is a tale of honor and courage, of fate and destiny, of sorcery. It is a fantasy that brings us into a world we will never forget, and which will appeal to all ages and genders. It is 70,000 words. Books #7--#17 in the series are also available! " Grabbed my attention from the beginning and did not let go....This story is an amazing adventure that is fast paced and action packed from the very beginning. There is not a dull moment to be found. " --Paranormal Romance Guild (regarding Turned) " Jam packed with action, romance, adventure, and suspense. Get your hands on this one and fall in love all over again. " --vampirebooksite.com (regarding Turned) " A great plot, and this especially was the kind of book you will have trouble putting down at night. The ending was a cliffhanger that was so spectacular that you will immediately want to buy the next book, just to see what happens. " --The Dallas Examiner (regarding Loved)
