(the first at age 15), a major cervical fusion surgery, and numerous other surgical procedures. The opportunities she had included marriage, being a mother, serving as an advocate for others with

Read Online Laughing Your Ping Pediatric Boards

disabilities through volunteer activities with the Arthritis Foundation at the local, state, and national levels. She also had opportunity to share her faith in Jesus Christ as she walked the road set before

Read Online Laughing Your Ping Pediatric Boards

her. Julia believed in the “teamwork” concept of dealing with her disease. Her team was led by Jesus, with her family, friends, and medical staff rounding out her team. It was Julia’s desire that through her

Read Online Laughing Your Ping Pediatric Boards

journey others would see the strength and hope she experienced. Most importantly she shares that the Lord gives victory amid adversity. She knew this to be true because she has traveled this road.

Read Online Laughing Your Ping Pediatric Boards

In the past decade, few subjects at the intersection of medicine and sports have generated as much public interest as sports-related concussions - especially among youth. Despite growing

Read Online Laughing Your Ping Pediatric Boards

awareness of sports-related concussions and campaigns to educate athletes, coaches, physicians, and parents of young athletes about concussion recognition and management, confusion and controversy persist in many

Read Online Laughing Your Ping Pediatric Boards

areas. Currently, diagnosis is based primarily on the symptoms reported by the individual rather than on objective diagnostic markers, and there is little empirical evidence for the optimal degree and duration

Read Online Laughing Your Ping Pediatric Boards

of physical rest needed to promote recovery or the best timing and approach for returning to full physical activity. Sports-Related Concussions in Youth: Improving the Science, Changing the Culture reviews

Read Online Laughing Your Ping Pediatric Boards

the science of sports-related concussions in youth from elementary school through young adulthood, as well as in military personnel and their dependents. This report recommends actions that can

Read Online Laughing Your Ping Pediatric Boards

be taken by a range of audiences - including research funding agencies, legislatures, state and school superintendents and athletic directors, military organizations, and equipment manufacturers, as well as

Read Online Laughing Your Ping Pediatric Boards

youth who participate in sports and their parents - to improve what is known about concussions and to reduce their occurrence. Sports-Related Concussions in Youth finds that while some studies provide useful

Read Online Laughing Your Ping Pediatric Boards

information, much remains unknown about the extent of concussions in youth; how to diagnose, manage, and prevent concussions; and the short- and long-term consequences of concussions as well as repetitive head

Read Online Laughing Your Ping Pediatric Boards

impacts that do not result in concussion symptoms. The culture of sports negatively influences athletes' self-reporting of concussion symptoms and their adherence to return-to-play guidance. Athletes, their teammates,

Read Online Laughing Your Ping Pediatric Boards

and, in some cases, coaches and parents may not fully appreciate the health threats posed by concussions. Similarly, military recruits are immersed in a culture that includes devotion to duty

Read Online Laughing Your Ping Pediatric Boards

and service before self, and the critical nature of concussions may often go unheeded. According to Sports-Related Concussions in Youth, if the youth sports community can adopt the belief that concussions

Read Online Laughing Your Ping Pediatric Boards

are serious injuries and emphasize care for players with concussions until they are fully recovered, then the culture in which these athletes perform and compete will become much safer. Improving understanding of

Read Online Laughing Your Ping Pediatric Boards

the extent, causes, effects, and prevention of sports-related concussions is vitally important for the health and well-being of youth athletes. The findings and recommendations in this report set a direction for
