In *Republicanism, Communism, Islam*, John T. Sidel provides an alternate vantage point for understanding the variegated forms and trajectories of revolution across the Philippines, Indonesia, and Vietnam, a perspective that is de-nationalized, internationalized, and transnationalized. Sidel positions this new vantage point against the conventional framing of revolutions in modern Southeast Asian history in terms of a nationalist template, on the one hand, and distinctive local cultures and forms of consciousness, on the other. Sidel's comparative analysis shows how—in very different, decisive, and often surprising ways—the Philippine, Indonesian, and Vietnamese revolutions were informed, enabled, and impelled by diverse cosmopolitan connections and international conjunctures. Sidel addresses the role of Freemasonry in the making of the Philippine revolution, the importance of Communism and Islam in Indonesia's Revolusi, and the influence that shifting political currents in China and anticolonial movements in Africa had on Vietnamese revolutionaries. Through this assessment, *Republicanism, Communism, and Islam* tracks how these forces, rather than nationalism per se, shaped the forms of these revolutions, the ways in which they unfolded, and the legacies which they left in their wakes.

provincial warlords to modern managers, prominent Filipino leaders have fused family, politics, and business to compromise public institutions and amass private wealth—a historic pattern that persists to the present day. Edited by Alfred W. McCoy, *An Anarchy of Families* explores the pervasive influence of the modern dynasties that have led the Philippines during the past century. Exemplified by the Osmeñas and Lopezes, elite Filipino families have formed a powerful oligarchy—controlling capital, dominating national politics, and often owning the media. Beyond Manila, strong men such as Ramon Durano, Ali Dimaporo, and Justiniano Montano have used “guns, goons, and gold” to accumulate wealth and power in far-flung islands and provinces. In a new preface for this revised edition, the editor shows how this pattern of oligarchic control has continued into the twenty-first century, despite dramatic socio-economic change that has supplanted the classic “three g's” of Philippine politics with the contemporary “four c's”—continuity, Chinese, criminality, and celebrity.

"Whatever is a reference to the millennial way of ending an argument. It used to mean 'anything, ' or 'no matter, ' but . . . is now the trendy equivalent of saying all right, have it your way but this is my take on the subject." The essays--by one of the most widely read essayists in the country--are offered in that spirit.
