Er weiss nicht, wie er heisst. Er hat keine Ahnung, wo er herkommt. Er kann sich nicht erinnern, wie er nach Berlin kam, und seit wann er hier auf der Strasse lebt. Die Obdachlosen, mit denen er umherzieht, nennen ihn Noah, weil dieser Name tätowiert auf der Innenseite seiner Handfläche steht. Die Suche nach seiner Identität wird zu einem Alptraum, für Noah und die gesamte Menschheit. Ist er das wesentliche Element in einer Verschwörung, die das Leben aller Menschen auf dem Planeten gefährdet und schon zehntausende Opfer gefunden hat? Der grosse, kontroverse und apokalyptische Thriller von Bestsellerautor Sebastian Fitzek, inklusive Interview mit dem Autor.

A psychological thrill-ride of a novel that finds an insomniac wondering if his nighttime excursions have turned into something beyond his imagination. As a young man, Leon Nader suffered from insomnia. As a sleepwalker, he even turned to violence during his nocturnal excursions and had psychiatric treatment for his condition. Eventually, he was convinced he had been cured—but one day, years later, Leon's wife disappears from their apartment under mysterious circumstances. Could it be that his illness has broken out again? In order to find out how he behaves in his sleep, Leon fits a movement activated camera to his forehead—and when he looks at the video the next morning he makes a discovery that bursts the borders of his imagination. His nocturnal personality goes through a door that is totally unknown to him and descends into the darkness . . .

America has just unwittingly drawn the world's deadliest enemy to its doorstep. After years without a terrorist attack on American soil, one group has picked the 4th July weekend to pull out all the stops. In a perfectly executed attack, all the bridges and tunnels leading into and out of Manhattan are destroyed just as thousands of commuters begin their holiday exodus. With domestic efforts focused on search and rescue, a deadly team of highly-trained foreign soldiers methodically makes its way through the city with the sole objective of locating one of their own - a man so powerful that America will do anything to keep him hidden. Scot Harvath is now the USA's only hope. Fighting his way through the burning streets of Manhattan, he must mount his own operation to locate a man the US government refuses to admit even exists . . .

My name is Simon. I'm 10 years old. I'm a serial killer. Robert Stern, a successful defence lawyer, doesn't know what lies in store for him when he agrees to meet a new client in a derelict estate on the outskirts of Berlin. To his astonishment, the defendant is a ten-year-old boy - Simon - a fragile child with a chronic illness who insists that he was a murderer in a former life. Stern's surprise quickly turns to horror as he searches the cellar Simon has directed him to and discovers the skeletal remains of a man, the skull split with an axe - just as Simon told him he would. But this is only the beginning, as Simon tells Stern where to find even more victims whose bodies have lain undisturbed for years. Suddenly, the present feels murderously dangerous as well... The Child is a darkly twisting, page-turning thriller that will make your heart pound with adrenaline.

A terrified plane passenger is given an impossible choice: persuade the pilot to crash the plane, killing everybody on board, or your daughter dies, in the twisted new thriller from international bestseller Sebastian Fitzek.

Every year, on average 23 people disappear without a trace from cruise ships, presumed suicides or tragic accidents. No one has ever come back. Until now. Five years ago police psychologist Martin Schwartz lost his wife and son. They were holidaying on a cruise ship when they simply vanished. A lacklustre investigation was unable to shed any light on what happened – murder-suicide was the coroner's verdict. It is a verdict that has haunted Martin ever since, blighting his life. But now he has been contacted by an elderly woman, a writer, who claims to have information regarding their fate and wants him to come on board the Sultan of the Seas immediately. She explains that his wife and son are not the only mother-and-child pair to have disappeared. Only a few months ago another mother and daughter also vanished. It appears there may be a serial killer on board. But when the missing daughter reappears – carrying Martin's son's beloved teddy bear – it becomes apparent that the truth could be much, much worse...

Shattered by the mysterious disappearance of his ill twelve-year-old daughter, celebrity psychologist Viktor Larenz encounters a schizophrenic novelist four years later who claims that the characters she creates become real and that she has been having visions of Larenz's daughter.
