India is a hub of social entrepreneurship and has a long history of solving social problems through entrepreneurial strategies. The book explores this phenomenon with lessons from more than 120 real-life examples of Indian social ventures. It describes how ordinary individuals can solve, and are solving, some of the most critical social problems that besiege the Indian society. Social Entrepreneurship in India focuses on what 'entrepreneurship' means for social entrepreneurs, and how their efforts are different than other social change agents. Using examples, the author provides insights into the nature of entrepreneurial thinking and the methods used by social entrepreneurs to create their ventures and to make essential products and services reachable to marginalized, remote and fragmented markets and communities in a sustainable manner. Based on the existing successful Indian social ventures and enterprises, the book provides practical insights into the models used to build these successful ventures.

Social Entrepreneurship: Theory and Practice is about the creative ways in which social entrepreneurs solve pressing and insurmountable social problems. Theories of social change are presented to help demystify the 'magic' of making an immense, yet durable and irreversible, social impact. Utilizing case studies drawn from various fields and all over the world, the authors document how social entrepreneurs foster bottom-up change that empowers people and societies. They also review the specific personality traits of social entrepreneurs and introduce the new kind of leadership they represent. This book will be valuable to undergraduate, graduate and postgraduate students, while remaining accessible to non-academic readers thanks to its clear language, illustrative case studies and guidelines on how to become a successful social entrepreneur.

Entrepreneurship develops around the world in accordance to the different cultural, political, economic and social contexts. Governments promote entrepreneurship as a way to improve economic growth. As capitalism changes, entrepreneurship also changes. This book describes some of the new profiles of entrepreneurs that are creating the entrepreneurial economy of the 21st Century. It presents entrepreneurship in a theoretical and pragmatic way in order to help readers to understand what entrepreneurship means today. Illustrated by socio-economic information and case studies of an international scope, two main questions are explicitly studied in this book: who are the new figures of entrepreneurs and how are they creating the companies of the future? The book is based on academic literature and serves as a reference to researchers interested in the evolution of entrepreneurship.

What motivates someone to become a social entrepreneur? What are the competencies needed to be effective social advocates and agents for change? This book answers these questions in an accessible and practical way, providing comprehensive guidelines, numerous examples, and sources of information and training for anyone who wants to start a community-based social advocacy and change initiative or for employees who want to start a corporate social responsibility initiative. Features include the following: examples of individuals and organizations who have learned from successes and failures in social entrepreneurship self-assessments to help readers evaluate their own talents and proclivity to be social entrepreneurs steps and strategies, competency-building activities, and assessments to evaluate and facilitate initiatives resources available from foundations, government agencies, and other sources for the budding social entrepreneur

Humanity is confronted with the gravest financial crisis and economic recession since the Great Depression. Political leaders, national ministries of finance, and central banks around the world are trying to prop up their countries' sinking economies and arrest a downward economic spiral by innovative financial rescue and bank bailout plans, as well as economic stimulus and recovery packages. These measures are being taken to reestablish trust in the economy and to trigger an economic revival. Despite these efforts, stagnation seems imminent, as uncertainty leads businesses and consumers to place spending and investing decisions on hold.Social entrepreneurs are essential to the restoration of a sustainable planet and the improvement of lives of billions of people, especially of those living in extreme poverty. Therefore, social entrepreneurs deserve further recognition and support by the international community - by governments, multinational companies, and philanthropic organizations. Creating a New Civilization through Social Entrepreneurship highlights the global movement of social entrepreneurship and some of the leading organizations and individuals that are advancing this citizen sector movement. The volume presents examples of innovative people that are tackling major social problems and triggering systemic change throughout the world today.

As the United Nation adopted Entrepreneurship for development on December 8, 2012, Churches and states around the world cannot seem to agree how to get involved in socioeconomic development and entrepreneurship, a subject certainly bears examination. Using a qualitative approach, religious scholar, psychologist and researcher, Dr. Richard Corker-Caulker outlines the theories that have justified various social programs. He analyzes, interprets, and explains how church and state have responded to socioeconomic problems of the course of history citing concrete examples. The role of religious, political, business, educational and family institutions in economic development and entrepreneurship is examined including how religious and political institutions can develop education, constitutions, laws, program and services around human needs link to human development and prosperity for all. As you read, you'll discover • the relationship between the divine and humanity, and how this affects socioeconomic development; • why a relationship with God is important for communities; • ways to increase the chances of individual socioeconomic development; • strategies to promote social entrepreneurship in developing nations. • how to develop needs assessment • how to identify natural resources and social problems for socioeconomic development and entrepreneurship • potential for creating and starting your own job and • how personal belief can limit or increase socioeconomic development and entrepreneurship prospect It is possible for everyone to become financially independent while adhering to biblical and spiritual principles. The solution to human problems lies in cooperation with a higher power and a willingness to use biblical principles alongside new ideas and theories to become agents of change. With this book, you'll examine the human crisis from the context of Adam and Eve, who triggered a transgenerational problem that requires more complex responses from the church. Improve your understanding of the divine, and take an important step to improving conditions for yourself and others with Twenty-First Century Foundation and Principles for Socioeconomic Development and Social Entrepreneurship. This book recommended for every family and institutions.

The Business of Good naritates the story behind social entrepreneurship as told by the individuals compelled to create a change in the world--not just another business. Serial and social entrepreneur Jason Haber intertwines case studies, anecdotes, and initiatives that have become part of the larger narrative of entrepreneurship. From Main Street to Wall Street, today's social entrepreneurs are rebooting capitalism, challenging the charitable industrial complex, and are disrupting the way companies do business with exciting innovations designed to solve society's most vexing problems. In this book, Haber examines Capitalism 2.0, philanthropy, and the role and power of media alongside the world's response as social entrepreneurship changes how we give, how we invest, and who we are.

Meet the social entrepreneurs who are using business to disrupt the status quo and rebuild their communities Our communities are facing the fallout from the demise of vital industry, bankrupt economies, bad policy or policing, and political mismanagement. People are looking for answers, and the "same old" simply won't do. In the Business of Change is a practical and inspirational guide that showcases how social entrepreneurs from places such as New York, Chicago, Los Angeles, San Francisco, and Vancouver, who are weary of waste, injustice, and government inaction, are using business savvy to tackle challenges in their communities. Part storytelling, part lessons learned, coverage includes: Profiles of remarkable individuals and companies in such diverse sectors as employment, food, art, education, and social justice An overview of lessons learned and real impacts on the ground Tips for getting started, connecting to the local community, and scaling up. In the Business of Change is for everyone who wants to rebuild their communities and believes that business can be a powerful, positive force for change.
