This money-saving package includes the 8th edition of Community/Public Health Nursing Online for Stanhope and Lancaster, Public Health Nursing (User Guide and Access Code) and Public Health Nursing, 8th edition textbook.

Community & Public Health Nursing is designed to provide students a basic grounding in public health nursing principles while emphasizing aggregate-level nursing. While weaving in meaningful examples from practice throughout the text, the authors coach students on how to navigate between conceptualizing about a population-focus while also continuing to advocate and care for individuals, families, and aggregates. This student-friendly, highly illustrated text engages students, and by doing so, eases students into readily applying public health principles along with evidence-based practice, nursing science, and skills that promote health, prevent disease, as well as protect at-risk populations! What the 8th edition of this text does best is assist students in broadening the base of their knowledge and skills that they can employ in both the community and acute care settings, while the newly enhanced ancillary resources offers interactive tools that allow students of all learning styles to master public health nursing.

Note: This synopsis may refer to a different edition of this book.

Learn how to influence policy and become a leader in today's changing health care environment. Featuring analysis of cutting-edge healthcare issues and first-person insights, Policy & Politics in Nursing and Health Care, 8th Edition continues to be the leading text on nursing action and activism. Approximately 150 expert contributors present a wide range of topics in policies and politics, providing a more complete background than can be found in any other policy textbook on the market. This expanded 8th edition helps you develop a global understanding of nursing leadership and political activism, as well as the complex business and financial issues that drive many actions in the health system. Discussions include the latest updates on conflict management, health economics, lobbying, the use of media, and working with communities for change. With these innovative insights and strategies, you will be prepared to play a leadership role in the four spheres in which nurses are politically active: the workplace, government, professional organizations, and the community. Comprehensive coverage of healthcare policies and politics provides a broader understanding of nursing leadership and political activism, as well as complex business and financial issues. Key Points at the end of chapters helps you review important, need-to-know lesson content. Taking Action essays include personal accounts of how nurses have participated in politics and what they have accomplished.

Expert authors make up a virtual Nursing Who's Who in healthcare policy, sharing information and personal perspectives gained in the crafting of healthcare policy. NEW! The latest information and perspectives are provided by nursing leaders who influenced health care reform, including the Affordable Care Act. NEW! Added information on medical marijuana presents both sides of this ongoing debate. NEW! More information on health care policy and the aging population covers the most up-to-date information on this growing population. NEW! Expanded information on the Globalization of Nursing explores international policies and procedures related to nursing around the world. NEW! Expanded focus on media strategies details proper etiquette when speaking with the press. NEW! Expanded coverage of primary care models and issues throughout text. NEW! APRN and additional Taking Action chapters reflect the most recent industry changes. NEW! Perspectives on issues and challenges in the government sphere showcase recent strategies and complications.
