major Arcana archetypes. His experiences speak to The Fool in all of us as we make our own way through life, growing in maturity, wisdom and, ultimately, self acceptance. Follin ' s encounters with the Tarot archetypes not only illuminate the Major Arcana cards but tap into archetypal energies relevant today. This is also available as an audiobook, beautifully narrated by professional voice actor, Jonathan Johns, you'll love him. This is book 1 of the Fool's Journey series. By far one of my favorites, the narrator voice had me fully engaged into the story. Definitely a must have." J "I really enjoyed this audiobook, and I really wish that the others in the series of the Fool's Journey were also available in audio format." LM "Wonderful Fairytale version of the Major Arcana.Great listen with the kids, enjoyable & inspiring. Informative on a simple level with a great intro & quote for each card." MT "I thoroughly enjoyed listening to this book today. The narration is excellent and the content is amazing. It takes you to a deeper understanding of the Major Arcana. I highly recommend this book no matter how experienced or inexperienced a Tarot reader you are!" LY "I am so glad this was available as an audiobook, it took the story to a whole other level. I really enjoyed the narration & will definitely listen more than once to really tap into the journey as my own. Thank you to the author & narrator." S "Very insightful audiobook! Gives you a better understanding of the meaning of the fool in the tarot!" ACF "Thank you for your wonderful books. I ' m just finishing the Major Arcana and I ' m a convert. Will be purchasing all in the series. Much appreciated." JG "In October of 2009 Carl Jung's Red Book was released for the first time. Chronicling the great psychoanalyst's venture into his own subconscious, revealing fractal universes and personifications of unconscious material. A whole new world of it's own. One that is not unlike the universal symbology embodied in the Major Arcana of the Tarot. Noel Eastwood's delightful book, "The Fool's Journey through the Tarot Major Arcana," is unlike any other tool for learning about this centuries old symbology and how it can be meditated upon, and used to relate to the workings of our daily lives, and our own subconscious. It is a free-flowing, progressive adventure of the Fool through all of the other cards. Taking the simple Spirit he was conceived with, the Fool advances as he encounters each force and personality. A true "Hero's Journey," and one that every spiritual adventurer will love and recognize. The story sucked me in, and only spat me out at the end. I recommend this series as a companion to the works of Carl Jung, Anna Wise, Joseph Campbell, Paul Foster Case, J. Nigro Sansonese, and my own." FK "I've read many of Noel's books on Astrology and tarot. I'm always amazed at how easily his writings lend themselves to being transformative to readers at any point along the Tao. His writings present the reader with a systematic approach to psychological and spiritual growth little matched in understanding and ease of use, than by other writers I can think of. If you are looking for a place to begin or enrich your journey, I'd recommend you follow the Fool in his journey through the Tarot." MR "What a wonderful way to bring an easy and deep understanding of the major arcana. This book was enlightening and entertaining from start to finish. I'm definitely not a tarot student, or teacher. Far from it. But this book makes me want to learn. A whole new world has opened up for me. It's an odd feeling having epiphanies as I read, but that happened. Beautifully written and drawn, The Fool's Journey is a keeper!" KM "This easy to understand text is not in any way simplistic; it's filled with deep meaning. This book will assist in your inward journey. Use it along with meditation to reach a better understanding of yourself and others." MR "I really loved this book, I will be buying book 2 and 3 of this series for sure. As I was reading it helped me to reflect on my life and when I've been at each card and gave a lot of deeper meanings and shed some light on some of the cards I don't love to see when pulling for myself. not only that it truly kept me captivated and interested to see how Follin felt after getting to the world. Can't wait for his journey through the pentacles." C "A magical journey through the tarot! Delightful to read - also, makes the tarot cards easier to learn/remember. I highly recommend this series - whether you are a beginner or advanced tarot reader." AC "I really liked this story. I really brought to live the major arcana and I think when I pull my cards this narative will make me smile as I reflect. I am very much looking forward to the other stories in the Kingdom of

Tarot." MK "I really enjoyed listening to this audiobook, for me it is insightfull and inspiring, I am using it as a personal leaning aid as I commence my own fools journey, it ' s powerful and gifted narrative suits my own particular learning style, it also helps give my journey perspective and a sturdy framework, like the tarot." BC "I have just finished reading this marvelous introduction to the Major Arcana as I followed Follin (The Fool) on his journey through the Tarot Empire. Noel takes a unique (at least to me) method to teaching the meanings of The Major Arcana cards by weaving together an interesting story about a journey taken by Follin. I have always had a rudimentary understanding of the Tarot (mostly through my profession), but thanks to this well told story I have come to see more to the cards then I had imagined existed. I found myself relating to Follin's journey on several levels (which was quite a revelation). Each story unveils new revelations about life to Follin at the same time explaining (in easy to understand prose, much like the use of parables) the meanings to each card. Each card has it's own specific meaning and yet Noel manages to blend them all together into a seamless story. The cards all have interesting contributions to the "journey", my favorite cards were Death, The Hierophant and The Hermit. All in all, from beginning to end I enjoyed this very much and would recommend this read to those who enjoy a good read and/or have an interest in Tarot Major Arcana cards." RD ' Greetings. I just finished the Swords book on Follin's quest. If you have a release date for the Cups volume, I'll be more than happy to buy a copy as soon as it hits Amazon kindle. Thank you for writing such tales, they have really helped me understand tarot better. I've been really trying to grasp the essence of Tarot for a few years because I plan to set up office and offer paid readings. And this is not an exaggeration, your books are just what many of us need, as we're usually people that can relate to Follin's struggle... I know for sure because I can actually feel it. Thank you for the awesome gift and the inspiration. You'll hear back from me when I get my much overdue success, and I'll make sure to honor your work through my own, and thanks again for bringing Follin to life. ' AM "I am really looking forward to the Cups book. I've listened to the Fools Journey 5 times, its starting to sink in very well. You are an amazingly gifted writer to have come up with this story and have given the tarot a voice words cannot describe my admiration. I am so grateful you crossed my path to help me understand these complex subjects, thank you." This highly innovative work presents a piercing interpretation of the tarot in terms of Jungian psychology. Through analogies to the humanities, mythology, and the graphic arts, the significance of the cards is related to personal growth and what Jung termed "individuation." The Major Arcana becomes a map of life, and the hero's journey becomes something that each individual can relate to one's personal life. "Sallie Nichols, in her profound investigation of the Tarot has performed an immense service. Her book enriches and helps us to understand the awesome responsibilities laid upon consciousness. She has done this not in an arid fashion but derived from her own experience of the Tarot and its strangely translucent lights. As a result her book not only lives but quickens life in whomever it touches." --Laurens van der Post
