15 Most Memorable Quotes From Taxi Driver. Taxi Driver may be dark, but it's also packed with incredible lines - and these are the best of them. Martin Scorsese has made a lot of great movies, but Taxi Driver could still make a claim for being his best movie. It's certainly his definitive work: New York is a character in the movie, it has a beautiful jazzy score, it explores a seedy criminal underworld, it's unapologetically graphic, it represents its place in history with a cynical view ...

A collection of wit, pearls of wisdom, pithy quotes, and observations on life from New York's premier philosophers is accompanied by black-and-white portrait photographs of the contributors, New York cab drivers. IP.

Real taxi drivers know more than how to get you there without a GPS. Philosophers all, they know how to get you there in life. This 20th anniversary edition of the wise and hilarious classic, as true now as ever, is a celebration of the witty, philosophical perspective on human nature culled from real quotations from real cab drivers who've been around the block. On reading the signs: "If a man keeps telling you he loves you, over and over, then something is wrong." On vanity economics: "The worse a town's economy is, the better looking the guys who work at the local gas station are." Evocative black and white photos and a cab-dash padded cover with taxi-yellow page edges showcases the wisdom in style.

A Kirkus Best Book of 2020 "A wild, funny, poetic fever dream that will change the way you think about America." —George Saunders Hailed by George Saunders as “a true original—a wise and wildly talented writer.” Lee Durkee takes readers on a high-stakes cab ride through an unforgettable shift. Meet Lou—a lapsed novelist, struggling Buddhist, and UFO fan—who drives for a ramshackle taxi company that operates on the outskirts of a north Mississippi college town. With Uber moving into town and his way of life vanishing, his girlfriend moving out, and his archenemy dispatcher suddenly returning to town on the lam, Lou must finish his bedlam shift by aiding and abetting the host of criminal misfits haunting the back seat of his disintegrating Town Car. Lou is forced to decide how much he can take as a driver, and whether keeping his job is worth madness and heartbreak. Shedding nuts and bolts, The Last Taxi Driver careens through highways and back roads, from Mississippi to Memphis, as Lou becomes increasingly somnambulant and his fares increasingly eccentric. Equal parts Bukowski and Portis, Durkee’s darkly comic novel is a feverish, hilarious, and gritty look at a forgotten America and a man at life’s crossroads.

‘An inch in the right direction is better than a mile in the wrong direction’ ‘If you think your life is bland, then you haven’t added enough flavour’ ‘People who live in glass houses should never undress’ In September 2009, London cabbie Mark Solomon began asking passengers in the back of his taxi for a random quote or proverb. It started spontaneously, to give him more purpose and direction, but he found that sharing these daily inspirations with others made them feel part of something special too.The project developed into a popular website (www.blackcabquotes.com), and now this pocket-sized book offers the best 400 thoughts for the day, ranging from the truly philosophical to the downright bizarre.

Brian Haycock was a cabdriver—who happened to be a Buddhist. During the course of his career as a cabdriver, he learned that each fare provided an opportunity to learn the life lessons of the Buddha. So, hop in and buckle up: we'll be making several stops on this trip. We're off on our journey to self-discovery, passing through the precepts, the four noble truths, taking a hard left to stop and get coffee—where we'll learn a few breathing techniques to bolster our patience—all the while watching for ambulances and bikers, focusing our attention and awareness so that we can arrive at our destination in good time and in one piece. Here are stories from everyday life that demonstrate how we can all benefit from a little Buddhist philosophy or practice. With each chapter focusing on a specific topic, readers will learn to coast their way to building a life routine, focusing the mind, calming themselves with breathing exercises, and much much more.

Real taxi drivers know more than how to get you there without a GPS. Philosophers all, they know how to get you there in life. This 20th anniversary edition of the wise and hilarious classic, as true now as ever, is a celebration of the witty, philosophical perspective on human nature culled from real quotations from real cab drivers who've been around the block. On reading the signs: "If a man keeps telling you he loves you, over and over, then something is wrong." On vanity economics: "The worse a town's economy is, the better looking the guys who work at the local gas station are." Evocative black and white photos showcase the wisdom in style.

A sequel to Taxi Driver Wisdom presents inspirational, witty, and offbeat words of wisdom from hairdressers, manicurists, and beauticians around the country, covering such topics as the art of aging gracefully, the differences between men and women, how to fulfill one's dreams, and caring for one's hair and nails. 25,000 first printing.

A taxi driver's life is dangerous work. Picking up a bad customer can leave the driver in a vulnerable position, and erring even once can prove fatal. To protect themselves, taxi drivers must quickly and accurately assess the trustworthiness of complete strangers. In Streetwise, Diego Gambetta and Heather Hamill take this predicament as a prototypical example of many trust decisions, where people must act on limited information and judge another person's trustworthiness based on signs that may or may not be honest indicators of that person's character or intent. Gambetta and Hamill analyze the behavior of cabbies in two cities where driving a taxi is especially perilous: New York City, where drivers have been the targets of frequent and violent robberies, and Belfast, Northern Ireland, a divided metropolis where drivers have been swept up in the region's sectarian violence. Based on in-depth ethnographic research, Streetwise lets drivers describe in their own words how they seek to determine the threat posed by each potential passenger. The drivers' decisions about whom to trust are treated in conjunction with the "sign-management" strategies of their prospective passengers—both genuine passengers who try to persuade drivers of their trustworthiness and the villains who mimic them. As the theory that guides this research suggests, drivers look for signs that correlate closely with trustworthiness but are difficult for an impostor to mimic. A smile, a business suit, or a skullcap alone do not reassure drivers, as any criminal could easily wear them. Only if attached to other signs—a middle-aged woman, a business address, or a synagogue—are they persuasive. Drivers are adept at deciphering deceitful signals, but trickery is occasionally undetectable, so they must adopt defensive strategies to minimize their exposure to harm. In Belfast, where drivers are locals and often have histories of paramilitary involvement, "macho" posturing often serves to deter would-be criminals, while New York cabbies, mostly immigrants who view themselves as outsiders, try simply to minimize the damage from attacks by appeasing robbers and carrying only small amounts of cash. For most people, erring in a trust decision leads to a broken heart or a few dollars lost. For cab drivers, such an error could mean losing their lives. The way drivers negotiate these high stakes offers us vivid insight into how to determine another person's trustworthiness. Written with clarity and color, Streetwise invites the reader to ride shotgun with cabbies as they grapple with a question of relevance to us all: which signs of trustworthiness can we really trust? A Volume in the Russell Sage Foundation Series on Trust

Cabdrivers and their yellow taxis are as much a part of the cityscape as the high-rise buildings and the subway. We hail them without thought after a wearying day at the office or an exuberant night on the town. And, undoubtedly, taxi drivers have stories to tell—of farcical local politics, of colorful passengers, of changing neighborhoods and clandestine shortcuts. No one knows a city’s streets—and thus its heart—better than its cabdrivers. And from behind the wheel of his taxi, Dmitry Samarov has seen more of Chicago than most Chicagoans will hope to experience in a lifetime. An artist and painter trained at the School of the Art Institute of Chicago, Samarov began driving a cab in 1993 to make ends meet, and he’s been working as a taxi driver ever since. In Hack: Stories from a Chicago Cab, he recounts tales that will delight, surprise, and sometimes shock the most seasoned urbanite. We follow Samarov through the rhythms of a typical week, as he waits hours at the garage to pick up a shift, ferries comically drunken passengers between bars, delivers prostitutes to their johns, and inadvertently observes drug deals. There are long waits with other cabbies at O’Hare, vivid portraits of street corners and their regular denizens, amorous Cubs fans celebrating after a game at Wrigley Field, and customers who are pleasantly surprised that Samarov is white—and tell him so. Throughout, Samarov’s own drawings—of his fares, of the taxi garage, and of a variety of Chicago street scenes—accompany his stories. In the grand tradition of Nelson Algren, Saul Bellow, Mike Royko, and Studs Terkel, Dmitry Samarov has rendered an entertaining, poignant, and unforgettable vision of Chicago and its people.

Every day is full of "what would you do?" moments. They can be as simple as times when you're considering whether to bother saying thank you to the taxi driver before getting out of the cab. Or they can be more complicated, such as when you've witnessed discriminating mistreatment of someone and you have to decide whether to speak up. We've all been there. What Would You Do?—Doing the Right Thing Even When You Think No One's Watching is full of real-life stories and staged ones from the highly rated ABC News program. Author John Quiñones takes readers on a journey of self-discovery and inspires them to act in ways they would if they thought a hidden camera was focused on them.
