Twenty-one essays provide lively and authoritative approaches to the literary, historical, cultural and performative aspects of Shakespeare works.

Illuminates the pleasures and challenges of Shakespeare's complex language for today's students, teachers, actors and theatre-goers.

Shakespeare's history plays have been performed more in recent years than ever before, in Britain, North America, and in Europe. This 2002 volume provides an accessible, wide-ranging and informed introduction to Shakespeare's history and Roman plays. It is attentive throughout to the plays as they have been performed

Over the centuries since they were written. The first part offers accounts of the genre of the history play, of Renaissance historiography, of pageants and masques, and of women's roles, as well as comparisons with history plays in Spain and the Netherlands. Chapters in the second part look at individual plays as well as other Shakespearean texts which are closely related to the histories. The Companion offers a full bibliography, genealogical tables, and a list of principal and recurrent characters. It is a comprehensive guide for students, researchers and theatre-goers alike.

This book offers a comprehensive, readable and authoritative introduction to the study of Shakespeare, by means of nineteen newly commissioned essays. An international team of prominent scholars provide a broadly cultural approach to the chief literary, performative and historical aspects of Shakespeare's work. They bring the latest scholarship to bear on traditional subjects of Shakespeare study, such as biography, the transmission of the texts, the main dramatic and poetic genres, the stage in Shakespeare's time and the history of criticism and performance. In addition, authors engage with more recently defined topics: gender and sexuality, Shakespeare on film, the presence of foreigners in Shakespeare's England and his impact on other cultures. Helpful reference features include chronologies of the life and works, illustrations, detailed reading lists and a bibliographical essay.

This revised and updated Companion acquaints the student reader with the forms, contexts, critical and theatrical lives of the ten plays considered to be Shakespeare's tragedies. Thirteen essays, written by leading scholars in Britain and North America, address the ways in which Shakespearean tragedy originated, developed and diversified, as well as how it has fared on stage, as text and in criticism. Topics covered include the literary precursors of Shakespeare's tragedies, cultural backgrounds, sub-genres and

receptions of the plays. The book examines the four major tragedies and, in addition, *Titus Andronicus*, *Romeo and Juliet*, *Julius Caesar*, *Antony and Cleopatra*, *Coriolanus* and *Timon of Athens*. Essays from the first edition have been fully revised to reflect the most up-to-date scholarship; the bibliography has been extensively updated; and four new chapters have been added, discussing Shakespearean form, Shakespeare and philosophy, Shakespeare's tragedies in performance, and Shakespeare and religion.

Which plays are included under the heading 'Shakespeare's last plays', and when does Shakespeare's 'last' period begin? What is meant by a 'late play', and what are the benefits in defining plays in this way? Reflecting the recent growth of interest in late studies, and recognising the gaps in accessible scholarship on this area, in this book leading international Shakespeare scholars address these and many other questions. The essays locate Shakespeare's last plays - single and co-authored - in the period of their composition, consider the significant characteristics of their Jacobean context, and explore the rich afterlives, on stage, in print and other media of *The Winter's Tale*, *Cymbeline*, *The Tempest*, *Pericles*, *The Two Noble Kinsmen* and *Henry VIII*. The volume opens with a historical timeline that places the plays in the contexts of contemporary political events, theatrical events, other cultural milestones, Shakespeare's life and that of his playing company, the King's Men.

A comprehensive, readable and authoritative introduction to the study of Shakespeare.

This 2002 Companion is designed for readers interested in past and present productions of Shakespeare's plays, both in and beyond Britain. The first six chapters describe aspects of the British performing tradition in chronological sequence, from the early staging of Shakespeare's own time, through to the present day. Each relates Shakespearean developments to broader cultural concerns

and adopts an individual approach and focus, on textual adaptation, acting, stages, scenery or theatre management. These are followed by three explorations of acting: tragic and comic actors and women performers of Shakespeare roles. A section on international performance includes chapters on interculturalism, on touring companies and on political theatre, with separate accounts of the performing traditions of North America, Asia and Africa. Over forty pictures illustrate performers and productions of Shakespeare from around the world. An amalgamated list of items for further reading completes the book.

An international team of scholars covers every aspect of one of the most famous books in the English language.

This Companion provides a full introduction to the poetry of William Shakespeare through discussion of his freestanding narrative poems, the Sonnets, and his plays. Fourteen leading international scholars provide accessible and authoritative chapters on all relevant topics: from Shakespeare's seminal role in the development of English poetry, the wide-ranging practice of his poetic form, and his enigmatic place in print and manuscript culture, to his immersion in English Renaissance politics, religion, classicism, and gender dynamics. With individual chapters on *Venus and Adonis*, *The Rape of Lucrece*, *The Passionate Pilgrim*, 'The Phoenix and the Turtle', the Sonnets, and *A Lover's Complaint*, the Companion also includes chapters on the presence of poetry in the dramatic works, on the relation between poetry and performance, and on the reception and influence of the poems. The volume includes a chronology of Shakespeare's life, a note on reference works, and a reading list for each chapter.
