The Conquest of Happiness: Amazon.co.uk: Russell, Bertrand ...
In The Conquest of Happiness, iconoclastic philosopher Bertrand Russell attempted to diagnose the myriad causes of unhappiness in modern life and chart a path out of the seemingly inescapable malaise so prevalent even in safe and prosperous Western societies. Eschewing guilt-based morality, Russell lays out a rationalist prescription for living a happy life, including the importance of cultivating interests outside oneself and the dangers of passive pleasure.

The Conquest of Happiness: Amazon.co.uk: Russell, Bertrand ...
"The Conquest of Happiness" is Bertrand Russell's recipe for good living. First published in 1930, it pre-dates the current obsession with self-help by decades.

The Conquest of Happiness (Routledge Classics): Amazon.co ...
The book I received was not Bertrand Russell's Conquest of Happiness, but a modern commentary on it, which refers to it, but contains none of the original's text. The "read inside this book" link on the site is completely misleading. I was disappointed and felt I had been tricked into buying something I didn't want.

The Conquest of Happiness: Bertrand Russell. "My purpose is to suggest a cure for the ordinary day-to-day unhappiness from which most people in civilized countries suffer, and which is all the more unbearable because, having no obvious external cause, appears inescapable." Russell held progressive, often controversial views on social issues, including sexuality.

The Conquest of Happiness Audiobook | Bertrand Russell
From Wikipedia, the free encyclopedia (Redirected from The Conquest of Happiness) Bertrand Arthur William Russell, 3rd Earl Russell OM FRS (18 May 1872 – 2 February 1970) was a British polymath, philosopher, logician, mathematician, historian, writer, social critic, political activist, and Nobel laureate.

Bertrand Arthur William Russell,18 May 1872–2 February 1970) was a British philosopher, logician, mathematician, historian, writer, social critic and political activist. At various points in his life he considered himself a liberal, a socialist, and a pacifist. In the early 20th century, Russell led the British "revolt against idealism".He is considered one of the founders of analytic philosophy along with his predecessor Gottlob Frege, colleague G. E. Moore, and his protégé Ludwig Wittgenstein. He is widely held to be one of the 20th century's premier logicians.With A. N. Whitehead he wrote Principia Mathematica, an attempt to create a logical basis for mathematics. His philosophical essay "On Denoting" has been considered a "paradigm of philosophy". His work has had a considerable influence on logic, mathematics, set theory, linguistics, artificial intelligence, cognitive science, and philosophy, especially the philosophy of language, epistemology, and metaphysics.

Bertrand Russell was an influential British philosopher andmathematician. The Conquest of Happiness first published in1930 was Russell's guide on how to live a happy life.Although it was `of its time' it was also, certainly, aheadof its time. Russell's views were that true happiness couldonly be achieved through both personal thought and

Bertrand Russell describes the purpose of this book as the putting together of some remarks on the state of happiness which are inspired by common sense, rather than any profound philosophy or deep erudition.

Now in a special gift edition, and featuring a brand new foreword by Anthony Gottlieb, this is a dazzlingly unique exploration of the works of significant philosophers throughout the ages and a definitive must-have title that deserves a revered place on every bookshelf.

Bertrand Russell's religious convictions were controversial, and one of his best selling titles is 'Why I am not a Christian'. This is a comprehensive and coherent survey of Russell on religion, with notes for students.

A refreshing distillation of insights into the human condition, by one of the best-known and most popular philosophers in the UK, Thinking about life, what it means and what it holds in store does not have to be a despondent experience, but rather can be enlightening and uplifting. A life truly worth living is one that is informed and considered so a degree of philosophical insight into the inevitabilities of the human condition is inherently important and such an approach will help us to deal with real personal dilemmas. This book is an accessible, lively and thought-provoking series of linked commentaries, based on A. C. Grayling's "The Last Word" column in the GUARDIAN. Its aim is not to persuade readers to accept one particular philosophical point of view or theory, but to help us consider the wonderful range of insights which can be drawn from an immeasurably rich history of philosophical thought. Concepts covered include courage, love, betrayal, ambition, cruelty, wisdom, passion, beauty and death. This will be a wonderfully stimulating read and act as an invaluable guide as to what is truly important in living life, whether facing success, failure, justice, wrong, love, loss or any of the other profound experience life throws out.

Bertrand Arthur William Russell,18 May 1872–2 February 1970) was a British philosopher, logician, mathematician, historian, writer, social critic and political activist. At various points in his life he considered himself a liberal, a socialist, and a pacifist. In the early 20th century, Russell led the British "revolt against idealism".He is considered one of the founders of analytic philosophy along with his predecessor Gottlob Frege, colleague G. E. Moore, and his protégé Ludwig Wittgenstein. He is widely held to be one of the 20th century's premier logicians.With A. N. Whitehead he wrote Principia Mathematica, an attempt to create a logical basis for mathematics. His philosophical essay "On Denoting" has been considered a "paradigm of philosophy". His work has had a considerable influence on logic, mathematics, set theory, linguistics, artificial intelligence, cognitive science, and philosophy, especially the philosophy of language, epistemology, and metaphysics.

Written in response to the devastation of World War I, "Why Men Fight" lays out Bertrand Russell's ideas on war, pacifism, reason, impulse, and personal liberty. Russell argues that when individuals live passionately, they will have no desire for war or killing. Conversely, excessive restraint or reason causes us to live unnaturally and with hostility toward those who are unlike ourselves.
