The Neon Bible. by. John Kennedy Toole. 3.73 · Rating details · 6,049 ratings · 468 reviews. The Neon Bible tells the story of David, a young boy growing up in a small Southern town in the 1940s. David's voice is perfectly calibrated, disarmingly funny, sad, shrewd, gathering force from page to page with an emotional directness that never lapses into sentimentality.

"A moving evocation of the small-town South in the mid-twentieth century" that "belongs on the shelf with the works of Flannery O'Connor, Carson McCullers, and Eudora Welty" (Orlando Sentinel). John Kennedy Toole—who won a posthumous Pulitzer Prize for his best-selling comic masterpiece *A Confederacy of Dunces*—wrote *The Neon Bible* for a literary contest at the age of sixteen. The manuscript languished in a drawer and became the subject of a legal battle among Toole's heirs. It was only in 1989, thirty-five years after it was written and twenty years after Toole's suicide at thirty-one, that this amazingly accomplished and evocative novel was freed for publication. "Heartfelt emotion, communicated in clean direct prose . . . a remarkable achievement." —Michiko Kakutani, *The New York Times* "John Kennedy Toole's tender, nostalgic side is as brilliantly effective as his corrosive satire. If you liked *To Kill A Mockingbird* you will love *The Neon Bible*." —Florence King "Shockingly mature. . . . Even at sixteen, Toole knew that the way to write about complex emotions is to express them simply." —Kerry Luft, *Chicago Tribune*

The accomplished and evocative first novel by the Pulitzer Prize-winning author of *A Confederacy of Dunces*. John Kennedy Toole wrote *The Neon Bible* for a literary contest at the age of sixteen. The manuscript was finally published twenty years after Toole's death. *The Neon Bible* opens with the narrator, a young man named David, on a train, leaving the small Southern town he's grown up in for the first time. What unspools is the tender and tragic coming-of-age story of a lonely child, a story that revolves around David's unorthodox friendship with his great-aunt Mae — a former stage performer who is fiercely at odds with the conservative townspeople — and the everyday toll of living in an environment of religious fanaticism. From the opening lines of *The Neon Bible*, David is fully alive, naive yet sharply observant, drawing us into his world through the sure artistry of John Kennedy Toole.

Written by the Pulitzer Prize-winning author of the bestselling cult classic *A Confederacy of Dunces*, John Kennedy Toole, when he was only sixteen, *The Neon Bible* is a sweet, moving, and memorable coming-of-age story

Traces the life and early death of the author of the Pulitzer Prize-winning *A Confederacy of Dunces*, recounting Toole's upbringing in New Orleans, the crushing difficulties he faced while trying to publish his posthumously acclaimed novel and his untimely suicide.

The phenomenal success of John Kennedy Toole's comic masterpiece, *A Confederacy of Dunces*, is now legendary, a story that has long beckoned a deeper exploration into the life, imagination, and demise of the writer responsible for one of American literature's most memorable characters — Ignatius J. Reilly. In *Ignatius Rising*, René Pol Nevils and Deborah George Hardy present the first biography of Toole, drawing upon scores of interviews with contemporaries of the writer and acquaintances of his influencing mother, Thelma, as well as unpublished letters, documents, and photographs. Frank yet sympathetic, *Ignatius Rising* deftly describes a life that is dark, tragic, bizarre, and amazing — but luminous with the gift of laughter, a life not unlike those of Toole's beloved characters, now loved the world over.

"A green hunting cap squeezed the top of the fleshy balloon of a head. The green earflaps, full of large ears and uncut hair and the fine bristles that grew in the ears themselves, stuck out on either side like turn signals indicating two directions at once. Full, pursed lips protruded beneath the bushy black moustache and, at their corners, sank into little folds filled with disapproval and potato chip crumbs."

The story behind John Kennedy Toole's groundbreaking *A Confederacy of Dunces*—how it was discovered, championed, and published—is as engaging and colorful as the novel itself. *I, John Kennedy Toole* is the novelized true story of the funny, tragic, riveting narrative behind the making of an American masterpiece. The novel traces Toole's life in New Orleans through his adolescence, his stay at Columbia University in New York, his attempts to escape the burden of his demanding mother and his weak father, his retreat into a world of his own creation, and finally the invention of astonishing characters that came to living reality for both readers (and the author himself) in his prize-winning *A Confederacy of Dunces*. The other fascinating (and mostly unknown) part of the story is how after a decade of rebuke and dismissal the novel came to a brilliant author, Walker Percy, and a young publisher, Kent Carroll, who separately rescued the book, then published it with verve and devotion. The novel that almost never came to be went on to win a Pulitzer Prize and continues to sell at a satisfying rate as it winds its way to the 2 million mark. That audience is the happy ending for this brilliant, unrepentant writer, whose only reward before his untimely death was his unending belief in his work and his characters.

David es un adolescente que vive en una población miserable del profundo Sur. Una Biblia de neón ilumina el cielo por las noches, y durante el día el fanatismo religioso y la malevolencia hacen estragos en la vida de los ciudadanos. el padre de David pier

A wildly hilarious and subversive view of Middle America begins in the last Ice Age, ends in today's Midwest, and includes dam disasters, bar brawls, factory rats, and the picaresque adventures of farmboy John Kaltenbrunner. A first novel. Reprint. 25,000 first printing.

An automaton, a man and a woman who can never meet, two stories of love—all are brought to incandescent life in this hauntingly moving novel from one of the finest writers of our time. London 2010: Catherine Gehrig, conservator at the Swinburne museum, learns of the sudden death of her colleague and lover of thirteen years. As the mistress of a married man, she must struggle to keep the depth of her anguish to herself. The one other person who knows Catherine's secret—her boss—arranges for her to be given a special project away from prying eyes in the museum's Annexe. Usually controlled and rational, but now mad with grief, Catherine reluctantly unpacks an extraordinary, eerie automaton that she has been charged with bringing back to life. As she begins to piece together the clockwork puzzle, she also uncovers a series of notebooks written by the mechanical creature's original owner: a nineteenth-century Englishman, Henry Brandling, who traveled to Germany to commission it as a magical amusement for his consumptive son. But it is Catherine, nearly two hundred years later, who will find comfort and wonder in Henry's story. And it is the automaton, in its beautiful, uncanny imitation of life, that will link two strangers confronted with the mysteries of creation, the miracle and catastrophe of human invention, and the body's astonishing chemistry of love and feeling.
