Where does the Express bus take you? How many swans are in the lake at the park? What replaces the shoe repair store? The Ultimate Book of Cities reveals the answers to these questions and much, much more in an oversized fact- and action-packed look at life in the big city! Featuring 59 flaps, pop-ups, pull tabs and movable parts, this all-you-need-to-know guide provides detailed information about what makes a city tick: from the different ways of getting around and what goes on in all the big buildings, to what traffic signs mean and who are all the people who keep the city in tip-top shape! It is a must-have volume to add to a young reader's library of The Ultimate Book series.

Vehicles, vehicles, vehicles—nearly 100 of them—in all shapes and sizes! A giant crane hovers over a construction site, a space ship roars into space. . . . Supersized spreads feature marvelously detailed illustrations that just beg to be pored over again and again. Best of all, lots of flaps, popups, pull-tabs, and rotating wheels bring the various vehicles to life. Readers will poke into a ship's hold, explore the innards of a garbage truck, and help demolish a house. Any child who's ever been intrigued by the roar of an engine will adore this extraordinary collection of things on the go, from the everyday to the nearly outrageous—yes, there's even a pooper-scooper scooter!

The sounds, sights, and activity of a construction site provide for endless fascination. Packed with more than 60 tabbed moving parts to pull, lift, and explore; crammed with meticulous detail of vehicles, buildings, and techniques; here's a book that will satisfy even the most curious of kids. Whether it's building a bridge or a skyscraper, a giant ship or a tunnel, there's a wealth of color, action, and knowledge to be gleaned on each of the ten spreads of this oversized book. A wonderful companion to The Ultimate Book of Vehicles on the Spring 2014 Twirl launch list.

The gangster movie is one of the most popular genres in film. From the Italian, Irish, and Russian " families " in America to similarly sinister groups in Europe, Japan, and beyond, the cinema has never shied away from portraying the evil exploits of these brutal outfits. In this highly entertaining and informative book, two accomplished and apropos authors put the genre in perspective like no other author or documentarian has done before. The Ultimate Book of Gangster Movies provides extensive reviews of the Top 100 gangster films of all time, including sidebars like " Reality Check, " " Hit and Miss, " " I Know That Guy, " " Body Count, " and other fun and informative features. Also included are over a dozen stand-alone chapters such as Sleeper " Hits, " " Fugazi " Flops, Guilty Pleasures, Lost Treasures, Q&A Interviews with top actors and directors (including Chazz Palinteri, Michael Madsen, Joe Mantagna, and more), plus over 50 compelling photographs. Foreword by Joe Pistone, the FBI agent and mob infiltrator who wrote the bestselling book and acclaimed movie, Donnie Brasco.

With all the features that made The Ultimate Construction Site Book a bestseller, this oversized volume offers a fact-filled and action-packed look at the amazing universe of outer space. Bursting with 40 flaps, pop-ups, pull tabs, and movable parts, The Ultimate Book of Space provides a richly illustrated, hands-on exploration of space travel, the Earth's place in our galaxy, the solar system, and so much more! Sure to encourage curious young readers to venture deeper into space, this is a must-have book for any budding scientist's library.

Guys love movies. Especially sports movies, where every underdog has his day, every team achieves glory, and every hero gets his moment of redemption. Next to watching Monday Night Football, there's nothing more enjoyable than plopping down on the couch with the remote and a bottle of beer and firing up the special-edition DVD of Rocky, Hoosiers, Caddyshack, or any other fan favorite. Now, two nationally renowned sports media personalities take on the task of ranking the top 100 sports movies of all time, including entertaining and informative lists, special features, and contributions from over 75 top sports figures. From drama to comedy to tragedy to documentary, all the greatest sports films are here, brought to life through detailed summaries, fun facts and trivia, behind-the-scenes revelations, plus images from the greatest moments in sports film history. Original comments from some of the top personalities in sports and entertainment - including Peyton and Eli Manning, Charles Barkley, Tony Romo, James Gandolfini, Bill Parcells, Dennis Quaid, Arnold Palmer, and many more - provide further insight and marketing punch.

The internationally successful Ultimate Book series expands its scope to embrace—very appropriately—the whole world! The Ultimate Book of Planet Earth offers lots of opportunity for hands-on interaction using flaps, pop-ups, and more! Pull a tab to see how magma erupts from a volcano, turn a page for a pop-up of a mountain range, or rotate a wheel to move the blades of a wind turbine! Planet Earth explores not only the geology of the Earth—oceans, continents, and the formation of mountains and volcanoes—but also its geo graphy, atmosphere, and weather. A valuable reference book for any child!

The Ultimate series is a worldwide success because it offers readers an intriguing close-up view of their subject with lots of opportunity for hands-on interaction with flaps, tabs, pop-ups, and more! What better subject than airplanes and airports, endlessly fascinating to children of all ages—from the detailed instruments of a Boeing 747 cockpit to the mysterious innards of a baggage carousel, The Ultimate Book of Airports delivers absorbing information and hours of fun. It's the perfect book to prepare young readers for a first flight!

"Cloud City Cook-Book" by Mrs. William H. Nash. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten – or yet undiscovered gems – of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

What mathematical modeling uncovers about life in the city X and the City, a book of diverse and accessible math-based topics, uses basic modeling to explore a wide range of entertaining questions about urban life. How do you estimate the number of dental or doctor's offices, gas stations, restaurants, or movie theaters in a city of a given size? How can mathematics be used to maximize traffic flow through tunnels? Can you predict whether a traffic light will stay green long enough for you to cross the intersection? And what is the likelihood that your city will be hit by an asteroid? Every math problem and equation in this book tells a story and examples are explained throughout in an informal and witty style. The level of mathematics ranges from precalculus through calculus to some differential equations, and any reader with knowledge of elementary calculus will be able to follow the materials with ease. There are also some more challenging problems sprinkled in for the more advanced reader. Filled with interesting and unusual observations about how cities work, X and the City shows how mathematics undergirds and plays an important part in the metropolitan landscape.
