A haunting dream that will not relent pulls author Kent Nerburn back into the hidden world of Native America, where dreams have meaning, animals are teachers, and the “ old ones ” still have powers beyond our understanding. In this moving narrative, we travel through the lands of the Lakota and the Ojibwe, where we encounter a strange little girl with an unnerving connection to the past, a forgotten asylum that history has tried to hide, and the complex, unforgettable characters we have come to know from *Neither Wolf nor Dog* and *The Wolf at Twilight*. Part history, part mystery, part spiritual journey and teaching story, *The Girl Who Sang to the Buffalo* is filled with the profound insight into humanity and Native American culture we have come to expect from Nerburn ' s journeys. As the American Indian College Fund has stated, once you have encountered Nerburn ' s stirring evocations of America ' s high plains and incisive insights into the human heart, “ you can never look at the world, or at people, the same way again. ”

1996 Minnesota Book Award winner — A Native American book *The heart of the Native American experience*: In this 1996 Minnesota Book Award winner, Kent Nerburn draws the reader deep into the world of an Indian elder known only as Dan. It ' s a world of Indian towns, white roadside cafes, and abandoned roads that swirl with the memories of the Ghost Dance and Sitting Bull. Readers meet vivid characters like Jumbo, a 400-pound mechanic, and Annie, an 80-year-old Lakota woman living in a log cabin. Threading through the book is the story of

two men struggling to find a common voice. Neither *Wolf* nor *Dog* takes readers to the heart of the Native American experience. As the story unfolds, Dan speaks eloquently on the difference between land and property, the power of silence, and the selling of sacred ceremonies. This edition features a new introduction by the author, Kent Nerburn. “ This is a sobering, humbling, cleansing, loving book, one that every American should read. ” — *Yoga Journal* If you enjoyed *Empire of the Summer Moon*, *Heart Berries*, or *You Don ’ t Have to Say You Love Me*, you ’ ll love owning and reading *Neither Wolf nor Dog* by Kent Nerburn.

Walking Coyote gently lifted the frightened buffalo calf and sang softly. Lone survivor of a herd slaughtered by white hunters, the calf was one of several buffalo orphans *Walking Coyote* adopted and later raised on the Flathead Indian Reservation in Montana. For thousands of years massive herds of buffalo roamed across much of North America, but by the 1870s fewer than 1500 animals remained due to hunting threats. With reverent care, *Walking Coyote* and his family endeavoured to bring back the buffalo herds, one magnificent creature at a time.

This fascinating picture book biography tells the childhood story of *Buffalo Bird Woman*—a Hidatsa Indian born around 1839. Through her true story, readers learn what it was like to be part of this Native American community, which lived along the Missouri River in the Dakotas, a society that depended on agriculture for food and survival rather than hunting. Using original artwork and archival photographs, award-winning author/illustrator S. D. Nelson has captured the spirit of *Buffalo Bird Girl* and her lost way of life. The book includes a bibliography and an index, as well as an author ’ s note and timeline of events. Awards and praise for *Buffalo Bird Girl* Gelett Burgess Award CCBC Choices Book, Biography ? Shunned and mistreated because of her mixed heritage, and determined to avoid an arranged marriage, seventeen-year-old Loi runs away to Ho Chi Minh City with the hope that she and the boy she loves will be able to go to the United States to find her American father.

A sumptuously photographed introduction to the world of the pre-reservation Plains Indians collects simple but eloquent quotations by Native American chiefs and elders that describe what life was like for children growing up on the American Plains and includes sections on camp life and the roles of parents and grandparents.

A note is left on a car windshield, an old dog dies, and Kent Nerburn finds himself back on the Lakota reservation where he traveled more than a decade before with a tribal elder named Dan. The touching, funny, and haunting journey that ensues goes deep into reservation boarding-school mysteries, the dark confines of sweat lodges, and isolated Native homesteads far back in the Dakota hills in search of ghosts that have haunted Dan since childhood. In this fictionalized account of actual events, Nerburn brings the land of the northern High Plains alive and reveals the Native American way of teaching and learning with a depth that few outsiders have ever captured.

The Birds Sang a Sad Song is based on a true story with some changes to preserve the identities of all involved. The young man coming of age, always faceless, nameless and anonymous, always afraid of exposure, judgment and misunderstanding because of complex mental health issues leads us in his story of frustration and fear in the very communities where he should find love and acceptance. Certain of his faith in Christ, uncertain of his future he winds his way through the labyrinth of suffering, persecution and despair. His only hope is in his imagination where he can exist with his problems and not be anonymous. In this shadow world he gradually comes to acceptance of who he is and in turn finds some acceptance by others. Progressively his imagination brings some hope in his own life as well.

Seldom does a book come along that speaks to the core issues of life with such clarity and wisdom. This profound book is deeply informed by the spiritual traditions of the West, the Far East, and the Native Americans, with whom the author has worked. It is a small treasure of wisdom about life's deepest issues. From the Book . . . ON EDUCATION & LEARNING The true measure of your education is not what you know, but how you share what you know with others. ON MONEY People who measure their money against their desires will never be happy, because there will always be another desire waiting to lure them. People who measure their money against their needs can gain control over their lives by gaining control over their needs. ON LOVE Love has its own time, its own season, and its own reasons for coming and going. You cannot bribe it or coerce it or reason it into staying. If it chooses to leave your heart or the heart of your lover, there is nothing you can do and nothing you should do. Be glad that it came to live for a moment in your life. If you keep your heart open, it will surely come again.
