TYBCOM textbook of 'Cost and Works Accounting (Paper III)' for Savitribai Phule Pune university (2015-16).

Cost Accounting: Methods and Techniques has been written by two very experienced teachers for T.Y.B.Com students of University of Mumbai. This textbook has been designed to provide comprehensive coverage of the syllabus prescribed by the University of Mumbai. The book covers all the topics mentioned in the syllabus for the subject in simple and lucid style. Due emphasis has been given to practical questions. A large number of problems on each topic have also been included. This book is divided into three parts: first part covers the theory and the problems on each topic, second part covers important theory questions for each chapter and third part contains solved university problems from the past 10 years. KEY FEATURES • For each topic, the practical illustrations are divided into different types for easy comprehension • A large number of problems have been solved • Numerous solved problems from previous university examinations • Students will easily know the trend and pattern of exam paper by using this book

Introduction to Auditing has been written by a group of experienced teachers for T.Y.B.Com students of University of Mumbai. This book has been designed to provide comprehensive coverage of the syllabus prescribed by the University of Mumbai. It covers the topics as mentioned in the syllabus for the subject in a simple and lucid style. A significant value addition is the inclusion of questions related to each topic from previous examinations. KEY FEATURES • Theoretical questions with answers given in each chapter • Numerous questions with hints for answers from previous university examinations • Students will know the trend and pattern of examinations by using this book

Nearly two thousand years ago a physician named Galen of Pergamon suggested that much of the variation in human behavior could be explained by an individual's temperament. Since that time, inborn dispositions have fallen in and out of favor. Based on fifteen years of research, Galen's Prophecy now provides fresh insights into these complex questions, offering startling new evidence to support Galen's ancient classification of melancholic and sanguine adults. Integrating evidence and ideas from biology, philosophy, and psychology, Jerome Kagan examines the implications of the idea of temperament for aggressive behavior, conscience, psychopathology, and the degree to which each of us can be expected to control our deepest emotions.

1 Accounting Standards And Financial Reporting(Introduction to IFRS)2 Final Accounts of Banking Companies 3 Insurance Claim Accounts 4 Final Accounts of Co-operative Societies 5 Computerised Accounting Practices 6 Branch Accounts 7 Single Entry System 8 Analysis of Financial Statements Appendices Glossary Objective Questions: True/ False, Blanks Bibliography

"With an easy, step-by-step approach, this guide shows beginners how to install, use, and maintain the world's most popular open source database: MySQL. You'll learn through real-world examples and many practical tips, including information on how to improve database performance. Database systems such as MySQL help data handling for organizations large and small handle data, providing robust and efficient access in ways not offered by spreadsheets and other types of data stores. This book is also useful for web developers and programmers interested in adding MySQL to their skill sets. Topics include: Installation and basic administration ; Introduction to databases and SQL ; Functions, subqueries, and other query enhancements ; Improving database performance ; Accessing MySQL from popular languages" --

A solid understanding of how banks operate is crucial to grasp the functioning of modern society. Banks are an intrinsic part of business, finance, and everyday life. Modern banking is regulated by a sophisticated set of laws and regulations that are constantly evolving. Banking Law and Practice from the Hong Kong Institute of Bankers outlines and explains these laws and regulations clearly and in detail. This regulatory framework has a deep impact on banks, bankers, and anyone that deals with them, which is the overwhelming majority of society. This high level of impact makes Banking Law and Practice an important book as well

as a necessary and authoritative reference for industry professionals, students, and the public at large. Banking Law and Practice discusses a range of topics that have a direct bearing on the day-to-day operations of banks, from contracts to how to ensure safe and secure lending. It examines the development and current state of banking legislation and regulation and facilitates bankers and their institutions to shape their practice to meet all the necessary legal and regulatory requirements. Students, industry professionals, and the public at large will welcome the thorough and clear explanations of the legal and regulatory framework in which banks operate. This book is essential reading for candidates studying for the HKIB Associateship Examination and anyone else seeking expert knowledge of the legal and regulatory structure affecting banks in Hong Kong. Topics covered in this book include: Contractual Relationships Code of Banking Practice Money Laundering Negotiable Instruments Law Related to Securities Bankruptcy and Insolvency
