

Usaf Technical Manuals

Thank you very much for downloading **usaf technical manuals**. As you may know, people have look hundreds times for their favorite novels like this usaf technical manuals, but end up in infectious downloads. Rather than reading a good book with a cup of tea in the afternoon, instead they are facing with some harmful bugs inside their computer.

usaf technical manuals is available in our digital library an online access to it is set as public so you can download it instantly. Our books collection hosts in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Kindly say, the usaf technical manuals is universally compatible with any devices to read

In a joint effort, the U.S. Navy and Air Force have tested under operational conditions a series of improved techniques developed under the Air Force Integrated Maintenance Information System (IMIS) program for delivering maintenance technical information to squadron technicians. These improvements included use of a portable maintenance aid (PMA) for technical information display. In this test, carried out in an F/A-18 fighter squadron at Marine Corps Air Station, Beaufort, South Carolina each of 16 technicians performed six fault-isolation tasks, three supported by an Interactive Electronic Technical Manual (IETM) displayed on a PMA, and three supported by conventional paper- based work package (WP) technical manual (TM). This report presents a comparison of technician performance supported by the ITEM/PMA combination with performance using conventional paper TMs. The performance data collected during the test showed considerable reduction in performance times for complex multiple fault isolations and maintenance errors, when technicians used the IETM/PMA combination. Also, technician-preference data based on questionnaires, showed strong support for virtually all IETM/PMA features. Technicians also made suggestions for improving the IETM and the PMA. Automated Technical Manuals; Interactive Electronic Technical Manuals (IETMs), Portable Maintenance Aid, Portable Delivery Device, Integrated Maintenance Information S (MS), F/A-18 Aircraft.
