Nice little booklet that explains to children about different predator strategies for survival. Tyrannosaurus Rex is an apex predator, but velociraptor is an intelligent pack hunter. Children may find it an interesting study in contrasts. Plus my nephew and his best friend really like raptors so I bought two of these books.

Who Would Win? Tyrannosaurus Rex vs. Velociraptor ...

What would happen if a Tyrannosaurus rex and a velociraptor met each other? What if they had a fight? Who would win? Don't answer too quickly—think about this: A T. rex walked on two legs and used its tail to balance. Raptors were about the same size as a third grader. Proportionally, a raptor had a larger brain than a T. rex.

Who Would Win?@ Tyrannosaurus Rex vs. Velociraptor

But if they had lived at the same time, who would win a match-up—T. rex or a human being? (Sample answer: If man had tools like he does today, he would win; otherwise T. rex would win. 2.

Who Would Win? Tyrannosaurus Rex vs. Velociraptor Teaching ...

They were not contemporaries in any sense. But if a fight between the two were to happen, T. rex would most likely have the advantage. The Jurassic Park 3 fight between the two showed the T. rex start off the fight by clamping down on Spinosaurus's neck. The fight would have ended right there.
