Turned into a sideshow freak by an unscrupulous and abusive showman, Wild Boy, an abandoned child covered with hair, develops ingenious deductive skills while being dragged throughout the seedy underworld of Victorian London before he is wrongly accused of a murder in a case that tests his friendship with a spunky acrobat.

Wild Boy is the explosive first inside account of the rise and fall of Duran Duran. The band rose to conquer the globe with a string of unforgettable hits such as "Rio," "Hungry Like the Wolf," and "The Reflex." With Simon Le Bon as their frontman, they were the defining pop act of the 1980s, but Andy Taylor, the enigmatic lead guitarist, is widely acknowledged to have been their musical driving force. Then, at the very height of their achievement in 1985, Duran Duran imploded. Now Andy shares the story of what went wrong. With searing honesty, he charts every moment of Duran Duran's roller-coaster rise from their early days as club musicians through to international superstardom. He captures the glamour and excitement of the band's epic video shoots and the opulence of their world tours. He reveals the truth about the allegations of drug abuse and wild hedonism that dogged Duran Duran. Packed with more than twenty-five years worth of rock 'n' roll anecdotes, Andy tells of his time in the band The Power Station, and explains why Duran Duran reformed with its original line-up in 2003. But Wild Boy is also a moving story on a human level, as Andy describes how the pressures of fame took a terrible personal toll on him and his family. Moving from hilarious to harrowing at the turn of a page, WILD BOY is a must-read for anyone who lived through the 1980s, or who cares about music.

What happens when society finds a wild boy alone in the woods and tries to civilize him? A true story from the author of The Fairy Ring. One day in 1798, woodsmen in southern France returned from the forest having captured a naked boy. He had been running wild, digging for food, and was covered with scars. In the village square, people gathered around, gaping and jabbering in words the boy didn't understand. And so began the curious public life of the boy known as the Savage of Aveyron, whose journey took him all the way to Paris. Though the wild boy's world was forever changed, some things stayed the same: sometimes, when the mountain winds blew, "he looked up at the sky, made sounds deep in his throat, and gave great bursts of laughter." In a moving work of narrative nonfiction that reads like a novel, Mary Losure invests another compelling story from history with vivid and arresting new life. Back matter includes an author's note, source notes, and a bibliography.

A young man escapes his painful past by retreating to the rustic comfort of the Italian Alps in this gorgeously wrought memoir from the internationally bestselling author of the "exquisite" (Annie Proulx) novel The Eight Mountains. When life in the city becomes too overwhelming for Paolo, he decides to take refuge high in the Italian mountains. Returning to the breathtaking Valle d'Aosta—known for its snowcapped mountain peaks—after a decade's absence, he rediscovers a simpler life and develops deep human connections with two neighbors. In this stunning landscape, he begins to take stock of his life and consider what he truly values. With lyrical and evocative prose, The Wild Boy is a testament to the power of the natural world, the necessity of an ever-questioning mind, and the resilience of the human spirit.

The enchanting true story of a girl who saw fairies, and another with a gift for art, who concocted a story to stay out of trouble and ended up fooling the world. Frances was nine when she first saw the fairies. They were tiny men, dressed all in green. Nobody but Frances saw them, so her cousin Elsie painted paper fairies and took photographs of them. "dancing" around Frances to make the grown-ups stop teasing. The girls promised each other they would never, ever tell that the photos weren't real. But how were Frances and Elsie supposed to know that their photographs would fall into the hands of Sir Arthur Conan Doyle? And who would have dreamed that the man who created the famous detective Sherlock Holmes believed ardently in fairies — and wanted very much to see one? Mary Losure presents this enthralling true story as a fanciful narrative featuring the original Cottingley fairy photos and previously unpublished drawings and images from the family's archives. A delight for everyone with a fondness for fairies, and for anyone who has ever started something that spun out of control. Back matter includes source notes and a bibliography.

Relates the story of a boy who grew up like a wild animal in the forests of France and was later captured and studied by doctors in Paris, but never became completely civilized. An ALA Notable Book. Reprint.

" We walked toward the part of the library where the air smelled as if it had been interred for years.... Finally, we got to the hallway where the wooden floor was the creakiest, and we sensed a strange whiff of excitement and fear. It smelled like a creature from a bygone time. It smelled like a dragon. " Thirteen-year-old Juan 's favorite things in the world are koalas, eating roast chicken, and the summer-time. This summer, though, is off to a terrible start. First, Juan 's parents separate and his dad goes to Paris. Then, as if that wasn't horrible enough, Juan is sent away to his strange Uncle Tito 's house for the entire break! Uncle Tito is really odd: he has zigzag eyebrows; drinks ten cups of smoky tea a day; and lives inside a huge, mysterious library. One day, while Juan is exploring the library, he notices something inexplicable and rushes to tell Uncle Tito. " The books moved! ". His uncle drinks all his tea in one gulp and, sputtering, lets his nephew in on a secret: Juan is a Princeps Reader — which means books respond magically to him — and he 's the only person capable of finding the elusive, never-before-read Wild Book. Juan teams up with his new friend Catalina and his little sister, and together they delve through books that scuttle from one shelf to the next, topple over unexpectedly, or even disappear altogether to find The Wild Book and discover its secret. But will they find it before the wicked, story-stealing Pirate Book does?

Examines the historical, social, and philosophical causes for the prominence of the Wild Boy of Aveyron and documents the effort of Dr. Jean-Marc-Gaspard Itard to bring him to a civilized state

The full story of Brando 'Wildboy' Yelavich's whirlwind tour of the coastline of New Zealand: 8000km almost entirely on foot. Extreme adventure, near misses, good sorts, and one beautiful country — Wildboy has it all! Fast going off the rails and hanging out with the wrong crowd. Brando Yelavich, a plucky 20-year-old from Auckland's North Shore, decided he needed to change his life. He needed a mission. He was going to walk around New Zealand. Brando reached Cape Reinga on 23 August 2014 after a gruelling journey of over 8000 kilometres, traversed almost completely on foot over 600 days — the first time it had ever been done. It was an outlandish odyssey of physical and mental fortitude. He slept under the stars and lived off the land. He almost drowned on several occasions and experienced near-hypothermia. He gained 20 kilograms. But the transformation ran much deeper. As much for fans of Bear Grylls or Cheryl Strayed's Wild as it is for those of the off-the-grid outdoors Kiwi experience, Wildboy is a ripping adventure story with an inspiring life change at its heart.

A collective history of feral children who were brought up in the wilderness, raised by animals, or locked up in solitary confinement examines the stories of Peter the Wild Boy, Victor of Aveyron, two children brought up by wolves in India, a boy raised by monkeys in Uganda, and more. 10,000 first printing.
