Addressing the most common workplace relationship challenges, this manual shows how to use the principles of nonviolent communication to improve any workplace atmosphere. Offering practical tools that match recognizable work scenarios, this guide can help all employees positively affect their work relationships and company culture, regardless of their position. This handbook displays proven communication skills for effectively handling difficult conversations, reducing workplace conflict and stress, improving individual and team productivity, having more effective meetings, and giving and receiving meaningful feedback, thereby creating a more enjoyable work environment.

Practical tools matched with recognizable work scenarios to help anyone address the most common workplace relationship issues.

The nation's premier communications expert shares his wisdom on how the words we choose can change the course of business, of politics, and of life in this country In Words That Work, Luntz offers a behind-the-scenes look at how the tactical use of words and phrases affects what we buy, who we vote for, and even what we believe in. With chapters like "The Ten Rules of Successful Communication" and "The 21 Words and Phrases for the 21st Century," he examines how choosing the right words is essential. Nobody is in a better position to explain than Frank Luntz: He has used his knowledge of words to help more than two dozen Fortune 500 companies grow. Hell tell us why Rupert Murdoch's six-billion-dollar decision to buy DirectTV was smart because satellite was more cutting edge than "digital cable," and why pharmaceutical companies transitioned their message from "treatment" to "prevention" and "wellness." If you ever wanted to learn how to talk your way out of a traffic ticket or talk your way into a raise, this book's for you.

Words at Work is a powerful resource for learners who want to expand their vocabulary in order to use English more effectively in a general Business English context. The 17 task-based units cover a range of essential topics, from Company organisation and Advertising to Finance and Information systems. The introduction unit on learning vocabulary successfully gives learners good ideas on techniques for remembering more words. The index also provides a way in to the specific vocabulary area they want to focus on. Words at Work is accompanied by a listening cassette. Every unit contains at least one listening task and one pronunciation task, to give learners the opportunity to hear and practise the vocabulary as well as see it. Words at Work is completely self-contained, with an answer key, tapescripts and an index with phonetic transcriptions, and can be used by learners working on their own.

Addressing the most common workplace relationship challenges, this manual shows how to use the principles of nonviolent communication to improve any workplace atmosphere. Offering practical tools that match recognizable work scenarios, this guide can help all employees positively affect their work relationships and company culture, regardless of their position. This handbook displays proven communication skills for effectively handling difficult conversations, reducing workplace conflict and stress, improving individual and team productivity, having more effective meetings, and giving and receiving meaningful feedback, thereby creating a more enjoyable work environment.

Today's business prose has to be done yesterday. And it has to cut through gigabytes of other information. Can your memos and marketing material compete? do you spend so much time agonizing over words that you have no time for other work?With Words at Work you can make your writing faster, more forceful, and more fun. Susan Benjamin's six-step process can turn your next business document into the best you've ever written. Learn to: Raise a "writing umbrella" to make your message memorable; exorcise the demons of past criticism and bad advice; strengthen your style at a glance with "no-read" editing.Words at Work gives you quick-and-easy recipes for the most important letters, reports, and proposals. It steers you around the potholes of punctuation, usage, and grammar. Soon all your business documents, from press releases to e-mail, will reflect your best work-and leave you enough time to do that work!

The proliferation of modern technology like e-mail and text messaging stresses speed over finesse: we depend on abbreviations and shortcuts while overlooking elegant, clear communication. While that's handy for an informal note, what happens when we really have to compose a persuasive business letter, produce an effective report, or present an idea creatively? When the quality of our words really matters, Persuasive Writing can help. It features a simple, three-step process for mastering the principles of written business communication. First: define the purpose of the message. Second: organize the necessary information. Third: support your opinions with solid proof. The CD-ROM that comes with the book contains additional tools, tips, and tricks so any business professional can develop an effective personal writing style.

Words @ Work shows everyone from executives and entrepreneurs to up-and-coming staffers how to organize information creatively (no tedious outlines!); cut the fat (editing tips and tricks); harvest a feast of ideas (Brain Dump); and write in a clear, conversational style that people want to read.

"Middle school, high school, college & beyond."
