At the 19th National Congress, the Communist Party of China (CPC) recognized Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era as the theoretical guidance that it will adhere to for a long period of time? This step forward provides a clear guide to action: first, in the decisive stage of completing a moderately prosperous society in all respects, second, on a new journey to fully build a modern socialist China, and third, in realizing the Chinese Dream of national rejuvenation? Xi Jinping is the principal proponent of this Thought?The two volumes are an integrated whole when studying Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era? Over the past few years, growing changes have quietly begun to reshape China under the governance of Xi Jinping. President Xi has developed his philosophical thinking on governing into a system to address the pressing issues of China, to develop and improve Chinese socialism, and to achieve modernization in all areas. theoretical aspects of President Xi's administrative approach and demonstrates how those theories are applied to the practical policies of the current Chinese leadership. Xi Jinping's Governance and the Future of China is a must-read for anyone looking to gain a deeper understanding of the modern People's Republic of China from a Chinese perspective.

Chinese politics are at a crossroads as President Xi Jinping amasses personal power and tests the constraints of collective leadership. In the years since he became general secretary of the Chinese Communist Party in 2012, Xi Jinping has surprised many people in China and around the world with his bold anti-corruption campaign and his aggressive consolidation of power.

Given these new developments, we must rethink how we analyze Chinese politics—an urgent task as China now has more influence on the global economy and regional security than at any other time in modern history. Chinese Politics in the Xi Jinping Era examines how the structure and dynamics of party leadership have evolved since the late 1990s and argues that "inner-party democracy"—the concept of collective leadership that emphasizes deal making based on accepted rules and norms—may pave the way for greater transformation within China's political system. Xi's legacy will largely depend on whether he encourages or obstructs this trend of political institutionalization in the governance of the world's most populous and increasingly pluralistic country. Li also addresses the recruitment and composition of the political elite, a central concern in Chinese politics. China analysts will benefit from the meticulously detailed biographical information of the 376 members of the 18th Central Committee, including tables and charts detailing their family background, education, occupation, career patterns, and mentor-patron ties.

Xi Jinping wants to become the world's most powerful leader. To succeed, he must balance Mao's Little Red Book with the Analects of Confucius, and more. For Xi, the task ahead of China is to preserve the guiding ideology of Marxism, while challenging mistaken credos like neoliberalism, constitutional democracy, and 'universal values'. China must have

total faith in its own brand of socialism, blended meaningfully with Chinese tradition. And this system must revolve around one man--around Xi and 'Xi-ism'. François Bougon's compelling biography exposes the historical, philosophical, political and personal narratives that Xi has skilfully woven together to create a superpower in his own image. Is Xi's China a land of 'new market totalitarianism'? Will this be the price of the Chinese dream?

THE THOUGHTS OF XI JINPING, the Marxism of the 21 st century, answers mainly the following two questions: 1. What kind of new country do the 1.4 billion people in China want to build in the 21 st century? They want to build a global first and a model country which will surpass the United States. 2. What kind of new world do the 7 billion
